Since the Land Development Plan has not yet been approved by the Township, the Developer is requesting approval to proceed with the construction of the pad site at its own risk. To insure that the public improvements will be

constructed in accordance with the requirements of the Township's Land Development Codes and to provide for appropriate Township inspection of the public improvements as they are installed, a Security Agreement is proposed for execution between the Developer and the Township. Russ Dunlevy, P.E. and Karyn Hyland, P.E. of Gilmore & Associates, Inc. were present to provide additional information and the steps that need to be taken by the Township in order to comply with the MS4 Stormwater regulations being implemented with the renewal. Gilmore & Associates has prepared a proposal dated April 25, 2012, outlining the costs and steps needed to prepare the required Notice of Intent (NOI). Supervisor Michael Fox, who serves on the Stormwater Coalition stated that the new regulations and requirements are strict and compliance would be difficult and expensive for the Township. Resolution #12, made by Vice Chairman Joseph Walsh, seconded by Supervisor Michael Fox and adopted unanimously, authorized Township Engineer Gilmore & Associates to proceed with the preparation of the MS4 Notice of Intent in accordance with their proposal and budget estimate dated April 25, 2012 at a projected cost of \$33,500.

Lawrence Gregan reported that with the acquisition of the former Montgomery Office Park property at Stump & Horsham Roads, the Township assumed the responsibility to maintain the erosion and sediment controls on the site until such time as the site is fully stabilized. The permit is still valid until April 2013, and may be eligible to be extended. In order to stabilize the property and remain in compliance with the approved erosion and sedimentation control plan, Gilmore & Associates conducted a survey of the property to develop recommendations for site stabilization work. To implement the recommended site stabilization work, an estimate of

\$18,900 was obtained from P.K. Moyer & Sons based on the Township's equipment and labor contract. A separate estimate was obtained from Derstine Landscape Design and Build, in the amount of \$7,875 to hydro-seed the site after completion of the grading work. Resolution #13, made by Vice Chairman Joseph Walsh, seconded by Supervisor Robert Birch and adopted unanimously, authorized staff to proceed with the site stabilization/grading work of the Recreation/Community Center site through P.K. Moyer at a cost of \$18,900 and hydro-seeding work through Derstine Landscape Design and Build with their proposal dated April 17, 2012 at an estimated cost of \$7,875.

Ms. Drosnock stated that anticipated expenditures would include, but not be limited to: architectural fees, engineering fees and legal fees. These expenses will be charged to the Capital Reserve Fund's Designated Reserve for the Recreation/Community Center, and recommended adoption of a Reimbursement Resolution that will allow the Township to recover any such expenditures from the proceed of any future borrowing for this project. Resolution #14, made by Vice Chairman Joseph Walsh, seconded by Supervisor Robert Birch and adopted unanimously, approved the Resolution allowing the Capital Reserve Fund to be reimbursed for preliminary expenses related to the renovation of the property at 1030 Horsham Road as a Community/Recreation Center from funds obtained from any taxable or tax exempt financing of the project.

Bruce Shoupe reported that the past policy of the Board of Supervisors has been to waive permit fees for non-profit and religious organizations. The Township has received a request from the Montgomery United Soccer Club to waive the permit fee of \$100 for their Special Event to be held on May 19 and May 20, 2012, at The William F. Maule Park at Windlestrae. Resolution #15, made by Vice Chairman Joseph Walsh, seconded by Supervisor

Michael Fox and adopted unanimously, approved the waiver of the permit fee for the Montgomery United Soccer Club Special Event to be held at William F. Maule Park at Windlestrae on May 19 and May 20, 2012.

Opening of the Parkway is scheduled for this fall and planning is underway for events to commemorate the opening. During the planning and construction of this project, efforts were made to retain the scenic, historic, recreational and natural characteristics along the roadway. Municipalities along the route of the Parkway have expressed support for a request to designate the roadway as a "scenic byway", thus prohibiting the placement of outdoor advertising, either within 660 feet of the Parkway's right of way or within view of the Parkway. Staff is recommending that the Board authorize sending a letter to State Senator Stewart Greenleaf and State Representative Todd Stephens requesting their support of this effort. Resolution #16, made by Vice Chairman Joseph Walsh, seconded by Supervisor Michael Fox and adopted unanimously, authorized sending a letter to State Representative Todd Stephens and State Senator Stewart Greenleaf respectfully requesting that they sponsor and support a Bill to amend Title 74 of the Transportation Code to designate the nine mile portion of the 202 Parkway through Montgomery County and Bucks County as a "scenic byway".

Vice Chairman Joseph Walsh made a motion to approve the payment of bills. Supervisor Robert Birch seconded the motion. The payment of bills was unanimously approved as submitted.

Vice Chairman Joseph Walsh made a motion, Motion #17, that the Montgomery Township Board of Supervisors authorize the Township Solicitor to intervene and present the

case on behalf of the Township in opposition to the requested relief for applicant Theresa Whetstone relating to property located at 1314 Lansdale Avenue. The motion was seconded by Supervisor Robert Birch and adopted unanimously.

Chief Richard Brady introduced Richard Gebelein who was present at this evening's meeting. Mr. Gebelein formerly served for 16 years on the Montgomery Township Board of Supervisors. Mr. Walsh welcomed Mr. Gebelein to the meeting and thanked him for his service to the community.

BACKGROUND:

In November of 2011, the Montgomery United Soccer Association (MonU) held the Roger Erb Select Tournament at the William F. Maule Park at Windlestrae and at Spring Valley Park. As a condition of the waiver of the tournament section of the Facilities and Fields Use Policy, a cash security escrow in the amount of \$5,000 was posted as collateral for possible excessive damage to the fields. It was agreed upon by MonU and the Township that the funds would be returned to MonU after the Township inspected the fields and approved their condition.

The Public Works Department has inspected the fields and approved that no excessive damage has occurred as a result of the Tournament. MonU is requesting return of this security escrow in the full amount of \$5,000.

ZONING, SUBDIVISION OR LAND DEVELOPMENT IMPACT: None.

PREVIOUS BOARD ACTION:

SUBJECT: Consider Request to Approve Out of State Training – Public Works Department

MEETING DATE: May 29, 2012

ITEM NUMBER: #13

MEETING/AGENDA:

ACTION XX

NONE

REASON FOR CONSIDERATION: Operational: XX Policy: Discussion: Information:

INITIATED BY: Kevin A. Costello  
Director of Public Works

BOARD LIAISON: Candyce Fluehr Chimera, Chairman

---

BACKGROUND:

The International Municipal Signal Association (IMSA) offers educational and certification programs for Public Works employees in Maintenance of Traffic Signals, Roadway Signs and Markings, Work Zone Traffic Control, and Flagging.

DPW employees Don Johnson and Deb Lamb perform the Traffic Signal maintenance work for the Township and in previous years, both obtained the Work Zone Traffic Control Safety and IMSA Level I certifications which are prerequisites for obtaining a Level II Field Technician Certification. As part of the Township training/goals program both employees, we are looking for both to obtain their IMSA Level II Field Technician Certifications.

The Level II Field certification indicates that the technician has additional training on traffic signal control system troubleshooting, on-site repairs, and maintenance methods and equipment. Areas of training include worksite safety, maintenance of traffic, traffic signal system equipment standards and operation, installation inspection, troubleshooting, equipment repair, replacement and programming, test equipment, signal phasing and timing, detection, system communications, preventive maintenance, and documentation. All of this training is applicable to the Township's maintenance responsibilities for its Traffic Signal systems.

The only Level II Certification class this year is being offered by the IMSA New Jersey Section on June 18 & 19, 2012 at the Rutgers Eco Complex in Bordentown, New Jersey.

ZONING, SUBDIVISION OR LAND DEVELOPMENT IMPACT:

None

PREVIOUS BOARD ACTION:

None

ALTERNATIVES/OPTIONS:

None

BUDGET IMPACT:

The cost for the two day training and certification test for both employees is \$720. Funds for the IMSA Level II training have been allocated in the approved 2012 Budget. The location of the training class is close enough that both employees will commute both days utilizing a Township vehicle which will cut down on the expenses.

**RECOMMENDATION:**

It is recommended that authorization be given for Don Johnson and Deb Lamb to attend the "out of state" training hosted by the New Jersey Section of the International Municipal Signal Association (IMSA) for Level II Field Technician Certification.

**MOTION/RESOLUTION:**

BE IT RESOLVED by the Board of Supervisors of Montgomery Township that we hereby authorize Don Johnson and Deb Lamb to attend the "out of state" training hosted by the New Jersey Section of the International Municipal Signal Association (IMSA) for Level II Field Technician Certification.
