Come Paint "Starry Night" with Montgomery Township

Let out your inner Van Gogh! Van Gogh has become a favorite artist of the 20th and 21st century, known for his intense colors and active brushstrokes. In our class, we'll create our own Starry Night: the rich, dark colors of our rolling hills with tall Cyprus trees are a strong contrast to the bright moon and stars. Pastels are the perfect media to reflect the vibrant colors and wind blowing through the starry night.
