**MINUTES OF MEETING  
MONTGOMERY TOWNSHIP BOARD OF SUPERVISORS  
OCTOBER 13, 2015**

Chairman Michael J. Fox called the executive session to order at 7:00 p.m. In attendance were Vice Chairman Candyce Fluehr Chimera, Supervisors Robert Birch, Jeffrey McDonnell and Joseph Walsh. Also in attendance were Frank Bartle, Esquire, Lawrence Gregan, Ann Shade and Shannon Drosnock.

Chairman Michael J. Fox called the action meeting to order at 8:03 p.m. In attendance were Vice Chairman Candyce Fluehr Chimera, Supervisors Robert Birch, Jeffrey McDonnell and Joseph Walsh. Also in attendance were Frank Bartle, Esquire, Lawrence Gregan, Scott Bendig, Rick Lesniak, Ann Shade, Stacy Crandell, Bruce Shoupe, Kevin Costello, Rich Grier, Brian Forman, Kelsey McMeans and Deb Rivas.

Following the Pledge of Allegiance, Chairman Michael J. Fox called for public comment from the audience and there was none.

Township Solicitor Frank Bartle, Esquire reported that the Board had met in an executive session earlier in the evening at 7:00 p.m. to discuss a personnel matter regarding employee benefits. Mr. Bartle stated that this matter was a legitimate subject of executive session pursuant to Pennsylvania's Sunshine Law.

Chairman Michael Fox made a motion and Vice Chairman Candyce Fluehr Chimera seconded the motion to approve the minutes of the September 28, 2015 Board meeting. The minutes of the meeting were unanimously approved as submitted.

Director of Recreation and Community Center Brian Forman announced that the Community and Recreation Center was now opened to the public for tours during certain days and times. Also, Mr. Forman reminded everyone that the Dedication Ceremony for the building was being held on Saturday, October 24, 2015 from 11am to 3pm. The day will include Police and Fire Department demonstrations, as well as Recreation Program demonstrations for the public to participate in. The Montgomery County Bookmobile will be onsite in addition to a DJ,

moon bounces, face painting, balloon artist, magician and more. From 2pm to 3pm, the event will conclude with a Mango Men concert. The event is free to the public. Mr. Forman also announced that the Community and Recreation Center will officially open for business at 5:30 a.m. on Monday, October 26, 2015.

Police Chief Scott Bendig announced that earlier this year, Canine Jammer retired after over ten years of service to the Montgomery Township Police Department. Jammer entered service with the Township Police Department in 2005, serving as a dual purpose canine, specializing in both patrol work and drug detection. During his distinguished career, Canine Jammer and his handler, Sgt. Robert Hart, responded to over 400 calls for service, resulting in the arrest of numerous offenders and the seizure of significant quantities of drugs. This team also competed yearly in the United States Police Canine Associations Police field trials, obtaining numerous tracking, narcotic, Detector Dog and PD1 Certifications. Resolution #1 made by Chairman Michael Fox, seconded by Supervisor Robert Birch and adopted unanimously, recognized Canine Jammer for his ten years of service to the Police Department and citizens of Montgomery Township. In addition, Canine Police Officers Daniel Rose, Joseph McGuigan, Brian Schreiber and Tim Woch presented Sgt. Robert Hart with a plaque honoring him and his three canine partners, Bart, Astro and Jammer, during his over 25 years of service as a Canine Police Officer with Montgomery Township.

Police Chief Scott Bendig announced the resignation of Police Officer Brandi McCoy. Ms. McCoy worked for the Police Department as a Police Officer since July 29, 2011. Her separation will be effective October 15, 2015. Resolution #2 made by Chairman Michael Fox, seconded by Supervisor Joseph Walsh and adopted unanimously, recognized the resignation of Brandi McCoy from her position as a Police Officer with Montgomery Township.

Director of Fire Services Rick Lesniak reported that the Department of Fire Services (DFS) and the Fire Department of Montgomery Township (FDMT) are requesting the Board's approval to submit applications through the Pennsylvania State Fire Commissioner's Office

annual Volunteer Firefighter/Volunteer Ambulance Service Grant program. Each grant application will be approximately \$15,000.00, requesting the purchase of fire hose for a total grant of \$30,000.00. Resolution #3 made by Chairman Michael Fox, seconded by Vice Chairman Candyce Fluehr Chimera and adopted unanimously, granted approval to the DFS and FDMT to submit applications for the grants.

Director of Public Works Kevin Costello reported that the Township has regularly participated in the Montgomery County Consortium Cooperative Rock Salt Contract that is administered by Upper Dublin Township. It has been the Township's experience that the cost per ton through the Consortium Bid has been lower than administering our own bid and saves the cost of advertising. The Consortium recently completed the public bidding process for the purchase of bulk salt for the 2015-2016 winter season and has awarded the contract to Oceanport, LLC of Claymont, Delaware, at a price of \$66.10 per ton delivered. Resolution #4 made by Chairman Michael Fox, seconded by Vice Chairman Candyce Fluehr Chimera and adopted unanimously, approved the Township's participation in the Montgomery County Consortium Rock Salt Purchase Contract for 2015-2016.

Assistant to the Township Manager Stacy Crandell reported that the Northern Montgomery County Recycling Commission (NMCRC) negotiated a new Compost Agreement with Barnside Farms Compost Facility. The main purpose of the Compost Agreement is to continue to designate an official Pennsylvania Department of Environmental Protection permitted compost facility for residents to use as a drop-off facility for leaf and yard waste generated in municipalities which do not have curbside pickup for leaf and yard waste at least once per month. The initial term of the agreement is three years and will automatically renew for an additional three years unless written notice is provided by either party. Resolution #5 made by Chairman Michael Fox, seconded by Supervisor Joseph Walsh and adopted unanimously, approved the renegotiated Compost Agreement with Barnside Farms Compost Facility.

Police Chief Scott Bendig reported that members of the Police Highway Safety Unit recently identified several intersections where traffic control devices (signs) had not been installed or more appropriate signs should be installed. The signs were posted in this manner when the developments were built over 25 years ago. The Police Department has been working to prioritize the signs to be modified for several developments in the Township. An ordinance has been prepared to amend stop and yield regulatory signs at ten locations in Montgomery Village and is ready to be advertised. Resolution #6 made by Chairman Michael Fox, seconded by Vice Chairman Candyce Fluehr Chimera and adopted unanimously, authorized the advertisement of Proposed Ordinance #15-289 Amending Stop Intersections and Yield Intersections – Montgomery Village Development for consideration and adoption at the Board of Supervisors meeting to be held on Monday, October 26, 2015 after 8pm in the Township building.

Township Manager Lawrence Gregan reported that when the Township built the current building facilities in 1995, the construction included an addition to house the Volunteer Medical Service Corps (VMSC) Ambulance. The Township and VMSC entered into a ten year lease agreement in exchange for VMSC providing continuing emergency service to the Township. The VMSC is required to perform maintenance and maintain a capital maintenance fund for future replacement of items such as the roof, heaters, garage doors, generator and air conditioning system. The lease was extended for a second 10 year term in November 2005 with an expiration date of August 1, 2015. The VMSC has requested an extension of the lease for another 10 year period under the same terms. Resolution #7 made by Chairman Michael Fox, seconded by Supervisor Robert Birch and adopted unanimously, authorized the execution of the Lease Agreement Extension between Montgomery Township and the Volunteer Medical Service Corps until August 1, 2025.

Resolution #8 made by Chairman Michael Fox, seconded by Vice Chairman Candyce Fluehr Chimera and adopted unanimously, approved the cash escrow release of \$35,000.00 to

be returned to Montgomeryville Investors, LP for the Taco Bell Restaurant if a traffic signal was not constructed at the location by September 27, 2015.

Chairman Michael Fox made a motion to approve the payment of bills for October 13, 2015. Supervisor Robert Birch seconded the motion. The payment of bills was unanimously approved as submitted. Supervisor Joseph Walsh inquired about the payment made to Celebration Fireworks in light of the Autumn Festival being cancelled due to inclement weather. Township Manager Lawrence Gregan explained that the payment had been a deposit and that Celebration Fireworks has agreed to keep the deposit for the Township's next Autumn Festival event.

There being no further business to come before the Board, the meeting adjourned at 8:36 p.m.

SUBJECT: Introductions on New Police Canines/Recognition of Support by District Attorney Risa Vetri Ferman

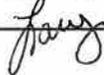

MEETING DATE: October 26, 2015                      ITEM NUMBER: #7

MEETING/AGENDA: WORK SESSION                      ACTION XX                      NONE

REASON FOR CONSIDERATION: Operational: XX    Information:                      Discussion:                      Policy:

INITIATED BY: J. Scott Bendig, Chief of Police    BOARD LIAISON: Michael J. Fox, Chairman

---

**BACKGROUND:**

In early 2015 the Montgomery Township Police Department's Canine Unit was reduced to two active teams due to the retirement of canine Jammer and untimely passing of canine Bauer. Two new canine were added to the unit this year and are present this evening for introduction to the Board:

**Canine Cooper:**

Cooper is a 22 month old Belgian Malinois assigned to Officer Brian Schreiber. Cooper was imported from Slovakia and trained at Tarheel Canine Academy in patrol work and narcotics detection.

**Canine Major:**

Major is a 21 month old German Shepard assigned to Officer Tim Woch. Major was imported from Slovakia and trained at Tarheel Canine Academy in patrol work and narcotics detection.

Both canines are outstanding additions to our Canine Unit and most recently completed their "PD1" certifications at the Region 6 United States Police Canine Association Trials in Montgomery Township.

The purchase of these two canines could not have occurred without the generous assistance of members of our community, and in particular our District Attorney, Risa Vetri Ferman. District Attorney Ferman has been an ardent supporter of the department's Canine Unit, providing funding for the purchase and training of several of our canines since taking office as our District Attorney in 2007. In appreciation for this support the Board of Supervisors would like to recognize District Attorney Ferman at this meeting.

ZONING, SUBDIVISION OR LAND DEVELOPMENT IMPACT: None.

PREVIOUS BOARD ACTION: None.

ALTERNATIVES/OPTIONS: None.

BUDGET IMPACT: None

**RECOMMENDATION:**

Recognize the new police canines and acknowledge the support of District Attorney Risa Vetri Ferman.

**MOTION/RESOLUTION:**

BE IT RESOLVED by the Board of Supervisors of Montgomery Township that we hereby welcome our police canines, Cooper and Major. Furthermore, be it resolved by the Board of Supervisors of Montgomery Township that we express our sincere appreciation to District Attorney Risa Vetri Ferman for her unwavering support of the Montgomery Township Police Department's Canine Unit.

SUBJECT: Consider Resolution to Acknowledge the Fire Department's 2014 Life Safety Achievement Awards

MEETING DATE: October 26, 2015                      ITEM NUMBER: #9  
MEETING/AGENDA:    ACTION XX      CONSENT      NONE

REASON FOR CONSIDERATION: Operational: XX      Policy:      Discussion:      Information: XX

INITIATED BY: Richard M. Lesniak                      BOARD LIAISON: Robert J. Birch, Public Safety  
Director of Fire Services                                      Committee Liaison

---

BACKGROUND:

Montgomery Township Department of Fire Services (DFS) and Fire Department of Montgomery Township (FDMT) were recently awarded the 2014 Life Safety Achievement Award by the National Association of State Fire Marshals Fire Research and Education Foundation (NASFM Foundation) in partnership with Grinnell Mutual Reinsurance Company for its fire prevention accomplishments in 2014.

Montgomery Township is one of only 96 fire departments across the United States to receive the award this year for recording zero fire deaths in 2014. In addition to zero fire deaths, the award recognizes active and effective fire prevention programs as well as a clear commitment to reducing the number of house fires in the community.

RECOMMENDATION:

It is recommended that the Board of Supervisors acknowledge the Fire Department's 2014 Life Safety Achievement Award for their fire prevention programs that have been proven to save lives year after year.

MOTION/RESOLUTION:

BE IT RESOLVED by the Board of Supervisors of Montgomery Township that we hereby acknowledge the Fire Department's 2014 Life Safety Achievement Award for their fire prevention programs that have been proven to save lives year after year.

## Announcing the 2014 *Life Safety Achievement* Award

September 1, 2015

Frank Colelli  
Montgomery Township Fire Services  
1001 Stump Road  
Montgomeryville, PA 18936

Dear Chief:

Congratulations! Your fire department has been awarded the 2014 Operation Life Safety *Life Safety Achievement* Award, presented jointly by the National Association of State Fire Marshals Fire Research & Education Foundation and Grinnell Mutual Reinsurance Company.

Since 1994, *Life Safety Achievement (LSA)* Award has recognized fire departments for having outstanding fire safety statistics and prevention programs during the preceding calendar year. In recognition of the proactive fire prevention efforts that your organization has made toward improving your community's fire and life safety behaviors, we are pleased to present you with the *2014 Life Safety Achievement* Award.

Since its inception, the *Life Safety Achievement* Award has been granted to fire departments across the country that have achieved zero fire deaths in the previous calendar year. Recognizing that zero fire deaths in 2014 may not fully reflect a fire departments prevention efforts and may be beyond their control, criteria were revised to include those that record a 10 percent reduction in fire fatalities as well as requiring documentation of an active and effective fire prevention program.

For many years, the Grinnell Mutual Reinsurance Company has sponsored this prestigious Award and has done so again this year. Enclosed you will find a certificate suitable for framing that recognizes your department's accomplishments, signed by your State Fire Marshal, the President of the National Association of State Fire Marshals (NASFM) Fire Research & Education Foundation and the President of Grinnell Mutual Reinsurance Company. In addition, we are providing you with a news release template that you can customize and use for informing your community of your significant fire prevention efforts, in time for Fire Prevention Week, October 4 - 10, 2015.

We congratulate you for the substantial commitment that you have made to make your community safer, and we thank you for participating in the *Life Safety Achievement* Award program.

If you have any questions about the Award, please submit your inquiry to the NASFM Fire Research & Education Foundation general help line at [admin@firemarshals.org](mailto:admin@firemarshals.org)

Sincerely,

Grinnell Mutual Reinsurance Company*

## **95 U.S. fire departments honored as Life Safety Achievement Award recipients by NASFM Foundation and Grinnell Mutual**

The National Association of State Fire Marshals Fire Research and Education Foundation (NASFM Foundation) and Grinnell Mutual Reinsurance Company are pleased to announce that 95 fire departments from 29 states earned the Life Safety Achievement Award for their fire prevention accomplishments in 2014. (See list of award-winning departments below.) For over 20 years, this national award has recognized fire departments for actively promoting fire prevention in the pursuit of saving lives.

To qualify for the award, fire departments recorded zero fire deaths in residential structures or a 10 percent reduction of fire deaths from the prior year. In addition, award recipients documented active and effective fire prevention programs as well as commitment to reducing the number of house fires in the community.

"Fire departments take pride in what they are doing, and we want to give them the recognition they deserve," said David Miller, assistant vice president of Special Investigations for Grinnell Mutual. "The Life Safety Achievement Award celebrates fire departments for their efforts in organizing fire safety inspections, offering outreach programs that spread the word about fire safety, and, most importantly, saving the lives of people in their communities."

More than 1.2 million fires were reported in the United States in 2013, the most recent year for which statistics are available from the National Fire Protection Association. These fires caused 3,240 civilian deaths, 15,925 civilian injuries, and more than \$11.5 billion in property damage.

To reduce those statistics, this year's award recipients organized educational program: targeted to specific age and at-risk groups, conducted fire safety inspections, checked and installed free smoke detectors, provided fire extinguisher training, offered multi-lingual fire prevention resources, and promoted fire safety messages at a variety of community events. Many educational programs, including school visits, fire station tours, and summer camps, were designed to teach kids basic evacuation skills and how to call 9-1-1.

In addition, fire departments led the charge to incorporate sprinkler systems into building ordinances and to inform residents about how these systems can save lives and property. In wildfire-prone areas, firefighters promoted the importance of fuel reduction around homes. Firefighters also conducted additional life-saving programs, including

first-aid and CPR courses, fire safety classes for young babysitters, and drunk-driving demonstrations, and promoted disaster preparedness and the installation of carbon monoxide detectors.

"Experience tells us that fire prevention activities and public education can significantly reduce life and property loss from residential fires," said NASFM Foundation President Butch Browning. "Prevention and education are very cost effective compared to the traditional approach of relying on fire suppression. The Life Safety Achievement Award recognizes fire departments for their fire prevention efforts and encourages them to continually improve upon those efforts."

The 2014 Life Safety Achievement Award recipients named in 2015:

**Alabama:**

City of Dora Fire & Rescue

Spanish Fort Fire Rescue

Huntsville Fire and Rescue

**Arizona:**

MCAS Yuma Fire Department

**California:**

University of California-Irvine

**About NASFM Foundation**

The NASFM Foundation is a public interest group whose mission is to reduce residential fire deaths and injuries. The Foundation advocates the use of residential fire sprinklers, smoke alarms, carbon monoxide detectors and teaching people fire-safe behavior. The Foundation assists fire departments with implementing residential sprinkler/smoke alarm programs on a local basis. The Foundation's partners include the United States Fire Administration, the National Association of State Fire Marshals and private industry/associations with an interest in and commitment to residential fire safety.

BOARD ACTION SUMMARY

---

SUBJECT: Consider Approval of 2016 Winter Recreation Programs and Fees

MEETING DATE: October 26, 2015

ITEM NUMBER: #10

MEETING/AGENDA:

ACTION

NONE

REASON FOR CONSIDERATION: Operational: Policy: Discussion: xx Information:

INITIATED BY: Brian Forman, Director

Of Recreation and Community Center

BOARD LIAISON: Michael J. Fox, Chairman,

Liaison to Park & Recreation

---

BACKGROUND:

Attached is a recommended listing of Recreation Programs to be offered to the public during the months of January through March, 2016. Associated fees for each program are also attached. These programs will be promoted via posting on [www.montrc.com](http://www.montrc.com), cable channels, E-News, and printed with our Winter Recreation Newsletter.

The 2016 Winter Recreation offerings include many opportunities for the community to participate in activities at the Community and Recreation Center.

We will offer programs for Toddlers to Seniors from Birthday Parties, Pickleball, Basketball and Volleyball to Holistic Health, Painting and Cake Decorating. We are also in the planning stages of offering activities to individuals with Special Needs.

To add value to the membership, many of our programs offer discounts to Community and Recreation Center Members. And, for Members Only, we are offering a "School's Out Program" on Martin Luther King, Jr. Day and President's Day. The program will provide an organized day of supervised activity for elementary school students.

We are excited to be able to offer so many quality programs to the community and look forward to continuing to add programs going forward.

ZONING, SUBDIVISION OR LAND DEVELOPMENT IMPACT: None.

PREVIOUS BOARD ACTION: None.

ALTERNATIVES/OPTIONS: None.

BUDGET IMPACT:

Recreation programs are expected to be revenue/expense neutral.

RECOMMENDATION:

Approve the 2016 Winter Programs and Fee Schedule amendment as submitted.

MOTION/RESOLUTION:

BE IT RESOLVED by the Board of Supervisors of Montgomery Township that we hereby approve the 2016 Winter Programs and Fee Schedule amendment as submitted.

ORDINANCE #15-289

---

AN ORDINANCE AMENDING THE MONTGOMERY TOWNSHIP CODE, CHAPTER 222, ARTICLE II, SECTION 222-15 [STOP INTERSECTIONS; PENALTIES] AND SECTION 222-16 [YIELD INTERSECTIONS; PENALTIES], TO ADD LOCATIONS FOR STOP SIGNS AND DELETE LOCATIONS FOR YIELD SIGNS.

---

**IT IS HEREBY ENACTED AND ORDAINED** by the Montgomery Township Board of Supervisors that the Township Code is hereby amended as follows:

**SECTION 1. Amendment to Chapter 222, Article II, Section 222-15 [Stop Intersections; Penalties].**

Article II [Traffic Regulations], Section 222-15 [Stop Intersections; Penalties] is hereby amended to add the following additional locations for Stop Signs:

<b><u>Name of Street Location</u></b>	<b><u>Intersecting Street</u></b>	<b><u>Direction of Travel</u></b>
Harbob Lane	Hawthorne Circle	West
Acorn Place	Hemlock Drive	West
Narcissus Place	Hemlock Drive	West
Hemlock Drive	Sassafras Drive	South
Hedgerow Place	Hemlock Drive	West
Azalea Place	Hawthorne Drive	West
Magnolia Place	Rose Lane	South
Hawthorne Drive	Winter Drive	South
Jason Place	Winter Drive	South
Aspen Place	Winter Drive	South

**SECTION 2. Amendment to Chapter 222, Article II, Section 222-16 [Yield Intersections; Penalties].**

Chapter 222, Article II [Traffic Regulations], Section 222-16 [Yield Intersections; Penalties] shall be amended to remove the following Yield Signs:

<b><u>Yield Street</u></b>	<b><u>Through Street</u></b>	<b><u>Direction of Travel</u></b>
Harbob Lane	Hawthorne Circle	West
Hemlock Drive	Sassafras Drive	South
Hawthorne Drive	Winter Drive	South

**SECTION 3. Repeal and Ratification.**

All ordinances or parts of ordinances inconsistent herewith or in conflict with any of the specific terms enacted hereby, to the extent of said inconsistencies or conflicts, are hereby specifically repealed. Any other terms and provisions of the ordinances of the Township that are unaffected by this Ordinance are hereby reaffirmed and ratified.

**SECTION 4. Severability.**

Should any section, paragraph, sentence, clause, or phrase in this Ordinance be declared unconstitutional or invalid for any reason, the remainder of the Ordinance shall not be affected thereby and shall remain in full force and effect, and for this reason the provisions of this Ordinance shall be severable.

**SECTION 5. Effective Date.**

This Ordinance shall become effective five (5) days after enactment.

MONTGOMERY TOWNSHIP BOARD OF SUPERVISORS  
BOARD ACTION SUMMARY

---

SUBJECT: Consider Approval of Distribution of 2015 Act 205 General Municipal Pension System State

MEETING DATE: ITEM NUMBER: # 12.

MEETING/AGENDA: WORK SESSION ACTION XX NONE

REASON FOR CONSIDERATION: Operational: XX Policy: Discussion: Information:

INITIATED BY: Shannon Q. Drosnock Finance Director  BOARD LIAISON: Robert J. Birch, Supervisor Liaison – Finance Committee

---

BACKGROUND:

The annual General Municipal Pension System State Aid allocation for 201 has been received in the amount of \$427,370.97. This is a decrease of 1% from the 2014 State Aid allocation.

The State requires that the Board of Supervisors adopt a resolution approving the allocation of the State Aid to the pension systems for its employees. Based on the 2015 Minimum Municipal (MMO) Obligations to the Police and Non-Uniformed Pension Plans, and based on the AG 385 State certifications, it is recommended that the 2015 Act 205 General Municipal Pension System State Aid be allocated as follows:

Police Pension Plan	- 57%	- \$ 243,601.45
Non Uniformed Pension Plan	- 43%	- <u>\$ 183,769.52</u>
		\$ 427,370.97

ZONING, SUBDIVISION OR LAND DEVELOPMENT IMPACT:

None.

PREVIOUS BOARD ACTION:

None.

ALTERNATIVES/OPTIONS:

None.

BUDGET IMPACT:

The State Aid provides the Township with assistance in meeting its annual pension funding obligation, and was factored into the Township's budget at the 2014 funding rate.

RECOMMENDATION:

Accept the recommended allocation and approve resolution.

MOTION/RESOLUTION:

BE IT RESOLVED by the Board of Supervisors of Montgomery Township that we hereby accept the recommendation to allocate the 2015 Act 205 General Municipal Pension System State Aid to the Police Pension Plan in the amount of \$ 243,601.45 and to the Non Uniformed Employee Pension Plan in the amount of \$ 183,769.52.

## **To whom it may concern:**

Attached please find a special events permit for Bharatiya Temple 1612 County Line Rd, Montgomeryville, PA 18936.

The temple will be celebrating an event where a 10-12 foot (approx) stick figure (scare crow) will be lit as a ceremonial fire. The ceremony will take less than 15 mins. Attached please find an approximate location of where this will take place.

The area (30 x40 ft) will be roped off with caution tape. Fire Extinguishers will be available at the location and volunteers will be on hand to supervise the event.

Please forward permit approval to the address below. If you have any further questions, I may be contacted (267) 939 -9715.

### TEMPORARY SIGN

#### SPECIAL EVENT - OUTDOOR SALES APPLICATION

A temporary event which may significantly impact public or private property, extend beyond the normal use or standards allowed by the zoning ordinance and exceeds normal vehicular and pedestrian traffic, may require the need for services of the Township's Police and Fire Departments. Such events include, but not limited to: entertainment, amusement, cultural recognition, sporting events, arts & crafts or trade shows, sidewalk sales, special seasonal events, special automobile sales/shows, fund raising events and grand openings. Activities may not inhibit or block safe access by emergency responders or adversely impact access and parking required to serve the facility. Company picnics are exempt; unless a temporary structure is erected, which may require a building permit. **At the Regional Shopping Center, indoor special events require a permit but are not limited by the number of events per year. Temporary Indoor retail sales at the Regional Shopping Center requires a separate permit.**

Temporary sign permits shall be limited to **one (1) sign per street frontage**, no more than fourteen (14) lines per calendar year. A temporary sign permit is limited to maximum of 7-days per permit. Permits are non-transferable. **Maximum ground sign permitted is 32 square feet set back 15' from the curb line and shall not obstruct view of traffic.** Permits for special events or outdoor sales shall be limited to no more than six (6) times per calendar year

Activities, such as hot air ballooning, skydiving events, hang gliding, bungee jumping, etc. as well as carnivals, circuses, festivals, fairs are not permitted unless the Zoning Hearing Board approves as a special exception. Fireworks displays (unless sponsored by the Township) are prohibited.

Application(s) **MUST** be submitted a minimum of **two (2) weeks** in advance of the event. A Temporary retail sales permit must be obtained by all vendors or merchants prior to issuance of permit, unless vendor is already registered with the Township.

MONTGOMERY TOWNSHIP BOARD OF SUPERVISORS  
BOARD ACTION SUMMARY

---

SUBJECT: Consider Authorization of Advertisement of Public Meeting and Public Comment Period for the Township's MS4 TMDL Strategy

MEETING DATE: October 26, 2015

ITEM NUMBER: #14

MEETING/AGENDA:

ACTION

NONE

REASON FOR CONSIDERATION: Operational: xx Policy: Discussion: Information:

INITIATED BY: Lawrence J. Gregan  
Township Manager

BOARD LIAISON: Michael J. Fox, Chairman,  
Board of Supervisors

---

BACKGROUND:

Montgomery Township owns and maintains a municipal separate storm sewer system (MS4) requiring a National Pollutant Discharge Elimination System (NPDES) permit to allow discharge of stormwater runoff to waters of the Commonwealth of Pennsylvania. The Wissahickon Creek and Neshaminy Creek watersheds have approved Total Maximum Daily Load (TMDL) plans. These plans establish sediment waste load allocations (WLA) for the Township limiting the amount of sediment that is permitted to be discharged to these watersheds. At this time, the Wissahickon and Neshaminy TMDL plans have siltation (sediment) WLAs attributed to the Township.

The attached MS4 TMDL Strategy has been prepared by the Township Engineer to satisfy the conditions of the NPDES MS4 permit. The intent of this Strategy is to establish the WLA of the Township and to present a plan to reduce waste loads discharged consistent with the WLAs in the approved TMDLs for each watershed.

Upon approval of this Strategy by the Pennsylvania Department of Environmental Protection (PADEP), the Township will provide MS4 TMDL Design Details for implementation of the Strategy. Together, these documents, the MS4 TMDL Strategy and the MS4 TMDL Design Details, comprise the MS4 TMDL Plan to satisfy the requirement of the Township's NPDES MS4 Permit.

In submitting this strategy, the Township has been instructed to take measures to solicit public involvement and participation for the revised TMDL Strategy and to provide DEP with documentation of that process. Specifically, the Township is required to:

- Publish, a public notice in a newspaper of general circulation in the area, containing a statement describing the Strategy, where it may be reviewed by the public, and the length of time (minimum 30 days) to be provided for the receipt of comments."
- Accept written comments for a minimum of 30 days from the date of public notice."
- Accept any verbal or written comments from any interested member of the public at a public meeting or hearing.
- To consider and make a record of each comment received and prepare a written response. This record is to be submitted to DEP with the revised strategy.

To initiate this process, the Board is requested to authorize advertisement of a Public Comment Period and Public Meeting for the Township's MS4 TMDL Strategy. We are proposing that the public meeting be held during the Board of Supervisors meeting on November 9<sup>th</sup> and that the public comment period run for a 30 day period beginning on October 26, 2015 and ending November 25, 2015.

## LEGAL NOTICE

NOTICE OF PUBLIC COMMENT PERIOD AND PUBLIC MEETING for the Montgomery Township MS4 TMDL Strategy. The MS4 TMDL Strategy outlines the plan the Township will use to reduce pollutants discharged from the Township storm sewer system (MS4) consistent with the waste load allocations presented in the Neshaminy Creek and Wissahickon Creek TMDL plans. The Township is soliciting written comments on the MS4 TMDL Strategy. Interested persons may submit written comments during the thirty (30) day period beginning October 26, 2015 and ending November 25, 2015. The document will be available for review at the Township office address below weekdays between the hours of 9AM and 4PM during the comment period. The document is also available for review on the Township website ([www.montgomerytp.org](http://www.montgomerytp.org)). Written and verbal comments will be accepted at the public meeting scheduled at 8PM on November 9, 2015 (same night as regular BOS meeting) at the Township office address below. Comments must be submitted in writing to the attention of the Township Manager at the Township office address below or by email ([lgregan@montgomerytp.org](mailto:lgregan@montgomerytp.org)). Comments submitted by facsimile will not be accepted. Comments, including comments submitted by email, must include the originator's name and address.

All regular meetings and work sessions of the Board will be in the Township Administration Building and are open to the public, pursuant to Section 704 of the Sunshine Act (65 Pa. C.S. §701, *et seq.*) At any regular meetings and work sessions of the Board, deliberation and official action may be taken on any item properly before the Board. All interested citizens of Montgomery Township may attend this meeting and will be given the opportunity to be heard at the appropriate time. Persons with disabilities, wishing to attend the Public Hearing and requiring auxiliary aid, service or other accommodations to participate, should contact the Montgomery Township Director of Administration and Human Resources at 215-393-6900.

## 1.0. Introduction

Montgomery Township, located within Montgomery County, is comprised of 10.7 square miles of land situated within the Neshaminy Creek and Wissahickon Creek watersheds. The Township owns and maintains a small municipal separate storm sewer system (MS4) requiring a National Pollutant Discharge Elimination System (NPDES) permit to allow discharge of stormwater runoff to waters of the Commonwealth of Pennsylvania. The Wissahickon Creek and Neshaminy Creek have approved Total Maximum Daily Load (TMDL) plans. These plans establish sediment waste load allocations (WLA) for Montgomery Township limiting the amount of pollution that is permitted to be discharged to waters of the Commonwealth of Pennsylvania. At the time of this Strategy, the Wissahickon and Neshaminy TMDL plans have siltation (sediment) WLAs attributed to the Township. Nutrient WLAs have not been established for Montgomery Township in either watershed. This MS4 TMDL Strategy is prepared to satisfy the permit condition requiring this document.

The intent of this MS4 TMDL Strategy is to establish the WLA of the Township and to present a plan to reduce waste loads discharged from the regulated small MS4 consistent with the WLAs in the approved TMDLs for each watershed. Upon approval of this Strategy by the Pennsylvania Department of Environmental Protection (PADEP), the Township will provide MS4 TMDL Design Details for implementation of the Strategy. Together, these documents, the MS4 TMDL Strategy and the MS4 TMDL Design Details, comprise the MS4 TMDL Plan satisfying the requirement of the Township's NPDES MS4 Permit. Implementation of the TMDL Plan is an adaptive, iterative and dynamic process. The TMDL Plan will be evaluated and updated by the Township on an as-needed basis based on its effectiveness in reducing pollutant loads in discharges from the regulated small MS4, upon the reasonableness of achieving the WLAs and the cost/benefit of the BMP under consideration.

## 2.0. Watersheds

Montgomery Township is located within the Neshaminy Creek and Wissahickon Creek watersheds. The current, approved TMDL plans associated with these watersheds are listed below.

- PADEP, 2003. Total Maximum Daily Load (TMDL) Assessment for the Neshaminy Creek Watershed in Southeast Pennsylvania. Pennsylvania Department of Environmental Protection
- US EPA, 2003. Nutrient and Siltation TMDL Development for Wissahickon Creek, Pennsylvania - Final Report. U.S. Environmental Protection Agency Region 3

The Neshaminy Creek TMDL plan was developed based on different geographic sections (sub-watersheds) and by source and cause of impairment. Montgomery Township is within the Little Neshaminy Sub-Basin and the West Branch Neshaminy Creek Sub-Basin #2 of the Neshaminy watershed. At the time of this Strategy, the Wissahickon and Neshaminy TMDL plans have siltation (sediment) WLAs attributed to the Township. Nutrient WLAs have not been established for Montgomery Township in either watershed. The following table lists the applicable watersheds and the current pollutants attributed to the Township per the current TMDL plans.

TABLE 2-1: TMDL PLAN SUMMARY

Watershed	Hydrologic Unit Code (HUC)	TMDL Plan Approval Year	TMDL Plan Analysis Year	Pollutant(s)
Neshaminy - Little Neshaminy Sub-Basin	02040203	2003	2000	siltation
Neshaminy - West Branch Neshaminy Creek Sub-Basin #2	02040203	2003	2000	siltation
Wissahickon	02040203	2003	2002	siltation

### 3.0. Existing Pollutant Loads

Pollutants are transported by stormwater runoff and discharged to Waters of the Commonwealth of Pennsylvania through the Township storm sewer system. The TMDL plans for each watershed presents the waste load at the time the report was prepared. The TMDL plans are prepared based upon stream monitoring, historic rainfall data as well as hydrologic, hydraulic and pollutant modeling. The methodology and computational tools used to prepare each TMDL plan may vary but the result of each is the existing pollutant load at the time of the plan, the waste load allocation for the watershed and reduction percentage. In the case of the Neshaminy and Wissahickon TMDL plans, the WLA for sediment is presented as pounds per year (lbs/yr). The Wissahickon TMDL plan presents the WLA attributed to each municipality within the watershed. The Neshaminy TMDL plan presents the WLA for each sub-basin. The tables below documents the WLA and reduction percentage attributed to area of Montgomery Township per the current approved TMDL plans for each watershed. The WLAs within the Neshaminy watershed are prorated based on the area of the Township with the sub-water shed areas.

TABLE 3-1: NESHAMINY CREEK WATERSHED SEDIMENT LOADING

NESHAMINY CREEK SEDIMENT LOADING SUMMARY									
Watershed	Total Watershed Area (ac)	Township Watershed Area (ac)	% Watershed of Township (%)	Total Existing Sediment Load in Watershed (lbs/year)	Watershed Sediment WLA (lbs/year)	Total Existing Sediment Load in Township (lbs/year)	Township Sediment WLA (lbs/year)	Sediment Load Reduction (%)	Township Sediment Reduction (lbs/year)
Little Neshaminy	27,262	3,963	14.54%	8,369,480	6,937,351	1,216,648	1,008,463	17.11%	208,185
West Branch, Sub-Basin 2	2,521	1,876	74.41%	672,510	295,629	500,448	219,992	56.04%	280,456

TABLE 3-2: WISSAHICKON CREEK WATERSHED SEDIMENT LOADING

WISSAHICKON CREEK SEDIMENT LOADING SUMMARY				
Source	Existing Sediment Load (lbs/year)	Sediment WLA (lbs/year)	Sediment Reduction (%)	Sediment Reduction (lbs/year)
Streambank Erosion	25,444	13,231	48.00%	12,213
Overland	135,550	97,898	27.78%	37,653
<b>TOTAL</b>	<b>160,994</b>	<b>111,128</b>	<b>30.97%</b>	<b>49,866</b>

TABLE 3-3: TOWNSHIP POLLUTANT REDUCTION REQUIREMENT

SUMMARY				
Watershed	TMDL Plan Township Sediment Load (lbs/yr)	Township Sediment WLA (lbs/yr)	Township Pollutant Reduction (lbs/yr)	Township Pollutant Reduction (%)
Little Neshaminy	1,216,648	1,008,463	208,185	17%
West Branch Neshaminy, Sub-Basin #2	500,448	219,992	280,456	56%
Wissahickon	160,994	111,128	49,866	31%
<b>TOTAL</b>	<b>1,878,089</b>	<b>1,339,584</b>	<b>538,506</b>	<b>29%</b>

### 3.1. MS4 Tributary Area

The existing pollutant loads presented above are attributed the entire Township area. The Township’s permit obligation applies only to runoff collected by and discharged from the MS4. The following table summarizes areas that are not tributary to the Township’s MS4. The sediment loads generated from these non-tributary areas are parsed from the Township loads to determine that which is attributed to only the MS4. The Township reserves the right to modify parsed areas in the future. Any modification to parsed areas will be documented in future updates of the MS4 TMDL Plan.

TABLE 3-4: SUMMARY OF PARSED AREAS

Area Description	Unit	Little Neshaminy	West Branch #2	Wissahickon	TOTAL
PADOT Roads	acres	95	48	14	157
Not Tributary to MS4	acres	1,424	597	429	2,450
<b>Total</b>	<b>acres</b>	<b>1,519</b>	<b>644</b>	<b>444</b>	<b>2,608</b>

#### 3.1.1. Transitional Areas

The Neshaminy Creek TMDL Plan includes significant pollutant loads due to “transitional” land uses (Tables C.2.4 & C.6.3 of the Neshaminy TMDL Plan). These transitional uses are considered to be new developments or construction sites and contribute a significant portion of the overland sediment load. Comparison of historical and current aerial photography indicates the majority of new developments and construction sites at the time the Neshaminy TMDL Plan was prepared have been stabilized for several years. Also, the size, rate and frequency of development within the Township have decreased sharply in the decade following the preparation of the Neshaminy TMDL Plan. For the purpose of determining the sediment load attributed to the Township, the sediment load from these transitional uses presented in the TMDL Plan will be adjusted to account for the transition of these areas from disturbed to stabilized land cover classifications. It is assumed that 75 percent of transitional land uses have been stabilized and converted to low intensity development. Low intensity development was selected as a conservative assumption due to a higher loading rate per the Neshaminy TMDL Plan (Tables C.2.4 & C.6.3 of the Neshaminy TMDL Plan).

TABLE 3-5: TRANSITIONAL USE ADJUSTMENT SUMMARY

TRANSITIONAL USE ADJUSTMENT SUMMARY	
Watershed	Sediment Load (lbs/yr)
Little Neshaminy	87,110
West Branch Neshaminy, Sub-Basin #2	229,666
<b>TOTAL</b>	<b>316,776</b>

**3.1.2. MS4 Pollutant Loads**

The following table summarizes the sediment loads, WLAs and required sediment reductions for the overall Township and that which is attributed to the MS4 after accounting for parsed areas and transitional land uses.

TABLE 3-6: MONTGOMERY TOWNSHIP MS4 POLLUTANT LOAD SUMMARY

## 4.0. Pollutant Reduction Strategy

As presented in Table 3-6 above, Montgomery Township has a significant requirement to reduce sediment discharging from the MS4. The Township plans to achieve the sediment reduction using three basic approaches listed below and described in subsequent sections.

- Quantify existing best management practices (BMPs)
- Amend the Township Stormwater Management Ordinance to require pollutant reductions
- Implement new BMPs

The Township intends to implement this Strategy over 25 years. The Township intends that at or before the conclusion of 25 years the sediment reduction presented in Table 3-6 will be achieved and the assumptions made in the approved watershed TMDL Plans regarding attaining water quality will be satisfied.

The Township anticipates that setting realistic goals that can be quantified by “measurable” success, the reduction percentages outlined in each approved watershed TMDL Plan can be met and water quality in all waterways within the municipality will be positively impacted by implementation of this MS4 TMDL Strategy. Implementation of the MS4 TMDL Plan is an adaptive, iterative and dynamic process. The MS4 TMDL Plan will be evaluated and updated by the Township on an as-needed basis based on its effectiveness in reducing pollutant loads in discharges from the regulated small MS4, upon the reasonableness of achieving the WLAs and the cost/benefit of the BMP under consideration. Therefore, it is intended that this Strategy, in its entirety, including the implementation term, may be modified by the Township periodically to reflect actual results, achievable goals and obstacles encountered during the process of implementation of this Strategy.

### 4.1. Pollutant Load Concentration Calculation Method

In subsequent sections of this Strategy, pollutant load concentrations are required to quantify the amount of sediment generated from area tributary to proposed BMPs. The Water Quality Analysis of Pollutant Loading method (Worksheet 12, Pennsylvania Stormwater BMP Manual, 2006, PADEP) is utilized to approximate sediment generated on an annual basis. The method requires three input parameters:

- Pollutant event mean concentration (EMC) in mg/L (Table 8.3 of the PA BMP Manual)
- Tributary area in acres (measured from a map)
- Annual runoff depth in feet

For the purposes of the Strategy, runoff depth is calculated using 4 years (2012 – 2014) of daily rain gauge data from the Ambler Borough Waste Water Treatment Plant and the Runoff Curve Number method accounting for the initial abstraction and land cover classification.

TABLE 4-1: AVERAGE ANNUAL RUNOFF BASED ON LAND COVER CLASSIFICATION

LAND COVER CLASSIFICATION	CN	AVERAGE ANNUAL RUNOFF (in/year)
Forest	62	4.63
Meadow	60	4.10
Fertilized Planting Area	65	5.53
Native Planting Area	58	3.62
Lawn, Low Input	68	6.59
Lawn, High Input	65	5.53
Golf Course Fairway/Green	68	6.59
Grassed Athletic Field	70	7.39
Rooftop	98	43.51
High Traffic Street/Highway	97	39.80
Medium Traffic Street	90	23.96
Low Traffic/Residential Street	89	22.47
Res. Driveway, Play Courts, etc.	98	43.51
High Traffic Parking Lot	98	43.51
Low Traffic Parking Lot	98	43.51

### 4.2. Existing BMPs

Both the Wissahickon and the Neshaminy Creeks TMDL Plans were based on analyses completed in the years 2002 and 2000, respectively. Beginning in 2009, the Township has implemented a basin naturalization program. The Township owns 63 basins. These basins were originally constructed as peak rate control basins. The Township program includes naturalizing these basins to provide a water quality benefit. All areas tributary to these basins are low intensity residential developments. The following parameters are used to determine the sediment load from these areas and the reduction provided by the improved basins.

- Tributary area – determined by inspection of the storm sewer map.
- Area cover conditions – 25% impervious area and 75% lawn area was assumed.
- Runoff depth – values for impervious and lawn areas from Table 4-1.
- EMC TSS – 35 mg/L was used for impervious areas to account for rooftops and roads, 108 mg/L was used for lawns, low input.

A detailed tabulation of the calculations can be found in Appendix D-2. A summary follows.

TABLE 4-2: EXISTING NATURALIZED BASINS

EXISTING NATURALIZED BASIN SUMMARY		
Watershed	Sediment Load (lbs/yr)	Sediment Reduction (lbs/yr)
Little Neshaminy	242,890	60,723
West Branch Neshaminy, Sub-Basin #2	95,701	23,925
Wissahickon	6,431	1,608
<b>TOTAL</b>	<b>345,023</b>	<b>86,256</b>

### 4.3. Ordinance Requirements

The current Township Ordinances require peak rate and volume reductions as well as water quality requirements. These requirements are typically met by the implementation of BMPs. However, the pollutant reduction associated with these BMPs is generally not quantified. The Township intends to include pollutant reduction requirements consistent with the WLAs in the approved TMDLs for each watershed. The purpose of this ordinance requirement is to ensure developments and other projects achieve the pollutant reductions required by the TMDL Plans and that those benefits are quantified under the TMDL Plan requirements. It is not possible to quantify the pollutant reductions achievable from these new ordinance requirements for inclusion in this Strategy. Any BMPs installed throughout the Township will be included in future reporting regarding implementation the MS4 TMDL Plan.

### 4.4. Potential New BMPs

The Township anticipates that sediment reduction from existing BMPs and from future projects subject to new ordinance requirements will not achieve the substantial pollutant reduction required by the TMDL Plans. The Township includes with this Strategy several potential BMPs that may be implementable in striving to meet the WLA requirements. These potential BMPs may be on private property and therefore, no guarantee is provided that these BMPs can or will be implemented. Implementation of any BMP expected to contribute to achieving the goal of this Strategy will require, planning, design, permitting approval, property owner consent, etc. Therefore, the potential BMPs presented in this MS4 TMDL Plan are to be considered conceptual in scope and in no way imply any obligation of the Township to implement these specific BMPs in the locations identified. As stated previously, implementation of the TMDL Plan is an adaptive, iterative and dynamic process. The TMDL Plan will be evaluated and updated by the Township on an as-needed basis based on its effectiveness in reducing pollutant loads in discharges from the regulated small MS4, upon the reasonableness of achieving the WLAs and the cost/benefit of the BMP under consideration.

The WLAs and pollutant reduction requirements vary by watershed. The potential BMPs are grouped geographically by watershed. Additional information regarding these potential BMPs is provided in Appendices E-1 and E-2.

#### 4.4.1. Little Neshaminy Sub-Watershed

The Little Neshaminy Sub-Watershed requires a 17 percent reduction in sediment.

TABLE 4-3: LITTLE NESHAMINY - ESTIMATED SEDIMENT REDUCTION FROM POTENTIAL BMPS

LITTLE NESHAMINY POTENTIAL BMP SUMMARY			
BMP	Appendix	Sediment Load (lbs/yr)	Sediment Reduction (lbs/yr)
Naturalize Existing Township Basins	E-1	41,341	10,335
Riparian Buffer Restoration	E-2	4,833	4,108
Streetsweeping	C	102,812	87,390
TOTAL		148,986	101,833

**4.4.2. West Branch Neshaminy, Sub-Basin #2**

The West Branch Neshaminy, Sub-Basin #2 watershed requires a 56 percent reduction in sediment.

TABLE 4-4: WEST BRANCH NESHAMINY - ESTIMATED SEDIMENT REDUCTION FROM POTENTIAL BMPS

WEST BRANCH NESHAMINY, SUB-BASIN #2 POTENTIAL BMP SUMMARY			
BMP	Appendix	Sediment Load (lbs/yr)	Sediment Reduction (lbs/yr)
Naturalize Existing Township Basins	E-1	42,012	10,503
Naturalize Existing Private Basins	E-2	6,060	1,515
Neshaminy Creek Trib.: Riparian Buffer Restoration	E-2	568	483
Neshaminy Creek Trib.: Riparian Buffer Restoration	E-2	936	796

TOTAL		123,885	77,332

**4.4.3. Wissahickon Creek**

The Wissahickon watershed requires a 31 percent reduction in sediment.

TABLE 4-5: WISSAHICKON - ESTIMATED SEDIMENT REDUCTION FROM POTENTIAL BMPS

WISSAHICKON POTENTIAL BMP SUMMARY			
BMP	Appendix	Sediment Load (lbs/yr)	Sediment Reduction (lbs/yr)
Trewellyn Creek: Riparian Buffer Restoration	E-2	2,265	1,517
Wissahickon Creek: Floodplain Restoration	E-2	5,105	4,339
Basin Naturalization	E-2	4,984	4,236
Streetsweeping	C	25,703	21,848
TOTAL		38,057	31,940

**4.5. Pollutant Reduction Strategy Summary**

The following table summarizes the sediment load, WLA and required sediment reduction for the overall Township and that which is attributed to the MS4 after accounting for parsed and transitional areas. It also includes a summary of the existing and potential BMPs contemplated to achieve the required sediment load reduction.

TABLE 4-6: MS4 TMDL STRATEGY SUMMARY

Row	Watershed	Unit	Little	West Branch	Wissahickon	TOTAL	Source
A	Watershed Area	acres	27,262	2,521	N/A		TMDL Plan
B	TMDL Plan Watershed Sediment Load	lb/year	8,369,480	672,510	N/A		TMDL Plan

W	Net Potential - Required	lb/year	43,375	1,634	7,125	52,134	V-S

The table above indicates that implementation of this Strategy will potentially exceed the required pollutant reduction in each watershed and 52,134 Lbs/year overall.

## 5.0. Public Participation

As part of the preparation of this MS4 TMDL Strategy, PADEP requires solicitation of public involvement and participation. The following are required:

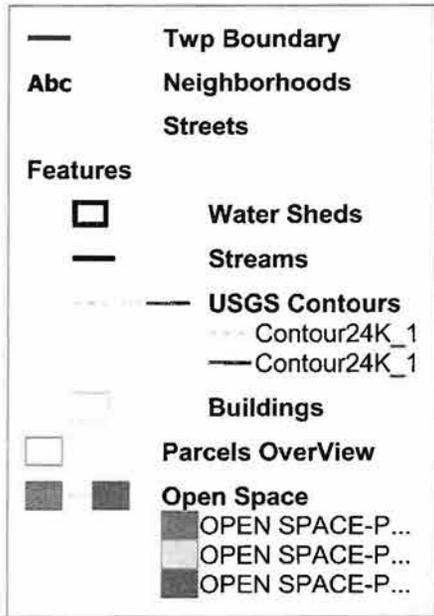

- A copy of the MS4 TMDL Strategy must be available for public review.

- Publish, in a newspaper of general circulation in the area, a public notice containing a statement describing the Strategy, where it may be reviewed by the public, and the length of time provided for the receipt of comments.
- Accept written comments for a minimum of 30 days from the date of public notice.
- Accept any verbal or written comments from any interested member of the public at a public meeting or hearing.
- Consider and make a record of the consideration of each timely comment received from the public during the public comment period concerning the Strategy, identifying any changes made to the Strategy in response to the comment.

Submission of the MS4 TMDL Strategy to PADEP must include a copy of the newspaper notice, a copy of all written comments received from the public and a copy of the record of consideration of all timely comments received in the public comment period. Documentation of public participation will be included as Appendix F.

**APPENDIX E-2**  
**POTENTIAL BMPs**

Potential BMP Application for Little Neshaminy Creek: Riparian Buffer Restoration

This Little Neshaminy Creek Tributary collects stormwater from approximately 160 acres of residential suburban neighborhoods and discharges it into Little Neshaminy Creek. This tributary can be considered for bank stabilization / floodplain restorations to reduce polluted run-off. Work completion will be contingent upon public / private partnerships.

Estimated Pollutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF VOLUME		TP (lbs/year)	NO <sub>3</sub> (lbs/year)

Estimated*	0.5492	55	0.25	0.4	160	87.87	4832.67	21.97	35.15
Reduction**							4107.77	18.67	10.54

\*Approximate composite EMC values based on visual inspection of aerial photographs.

\*\* Estimated 85% TSS Reduction, 30% TN Reduction, 85% TP Reduction based on floodplain restoration in accordance with the PADEP BMP Manual.

Potential BMP Application for Neshaminy Creek Trib.: Riparian Buffer Restoration

This Neshaminy Creek Tributary collects stormwater from approximately 140 acres of residential suburban neighborhoods and discharges it to an unnamed tributary to Neshaminy Creek. This tributary can be considered for bank stabilization / floodplain restorations to reduce polluted run-off. Completion will be contingent upon public / private partnerships.

Estimated Polutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF VOLUME		TP (lbs/year)	NO <sub>3</sub> (lbs/year)
						(ac*ft)	TSS (lbs/year)		
Estimated*	0.5492	55	0.25	0.4	18.8	10.32	567.84	2.58	4.13
Reduction**							482.66	2.19	1.24

\*Approximate composite EMC values based on visual inspection of aerial photographs.

\*\* Estimated 85% TSS Reduction, 30% TN Reduction, 85% TP Reduction based on floodplain restoration in accordance with the PADEP BMP Manual.

Potential BMP Application for Neshaminy Creek Trib.: Runoff Capture & Reuse

This Neshaminy Creek Tributary collects stormwater from approximately 162 acres of residential suburban neighborhoods and golf course greens and discharges it into an unnamed tributary to Neshaminy Creek. The Township contemplates a system in which runoff is collected for reuse for groundskeeping. Completion will be contingent upon public / private partnerships.

Estimated Pollutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF VOLUME		TP (lbs/year)	NO <sub>3</sub> (lbs/year)
						(ac*ft)	TSS (lbs/year)		
Estimated*	0.5492	200	0.5	0.8	53	29.11	5821.17	14.55	23.28
Reduction**							5821.17	14.55	23.28

\*Approximate composite EMC values based on visual inspection of aerial photographs.

\*\* Estimated 100% TSS Reduction, 100% TN Reduction, 100% TP Reduction based on floodplain restoration in accordance with the PADEP BMP Manual.

Potential BMP Application for Neshaminy Creek Trib.: Riparian Buffer Restoration

This Neshaminy Creek Tributary collects stormwater from approximately 31 acres of residential suburban neighborhoods and discharges it to an unnamed tributary to Neshaminy Creek. This tributary can be considered for bank stabilization / floodplain restorations to reduce polluted run-off. Completion will be contingent upon public / private partnerships.

Estimated Pollutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF VOLUME		TP (lbs/year)	NO <sub>3</sub> (lbs/year)
						(ac*ft)	TSS (lbs/year)		
Estimated*	0.5492	55	0.25	0.4	31	17.02	936.33	4.26	6.81
Reduction**							795.88	3.62	2.04

\*Approximate composite EMC values based on visual inspection of aerial photographs.

\*\* Estimated 85% TSS Reduction, 30% TN Reduction, 85% TP Reduction based on floodplain restoration in accordance with the PADEP BMP Manual.

## Potential BMP Application for Neshaminy Creek Trib.: Landscape Naturalization

The basin at Bridle Path Road collects stormwater from approximately 9.5 acres of residential suburban neighborhoods and discharges it to an unnamed tributary to Neshaminy Creek. This basin can be considered for landscape restoration to reduce polluted run-off. It is anticipated that the naturalization will increase the pollutant removal of the basin by 25%. See Appendix E-1 for pollutant removal estimates. Completion will be contingent upon public / private partnerships.

## Potential BMP Application for Neshaminy Creek Trib.: Landscape Naturalization

The basin at Brookshire Way collects stormwater from approximately 11.7 acres of residential suburban neighborhoods and discharges it to an unnamed tributary to Neshaminy Creek. This basin can be considered for landscape restoration to reduce polluted run-off. It is anticipated that the naturalization will increase the pollutant removal of the basin by 25%. See Appendix E-1 for pollutant removal estimates. Completion will be contingent upon public / private partnerships.

Potential BMP Application for Neshaminy Creek Trib.: Raingarden Installation

There is the potential to install a raingarden at Fellowship Park which collects stormwater from approximately 5 acres of athletic fields. It is anticipated that the raingarden will increase the pollutant removal of the area by 85%.

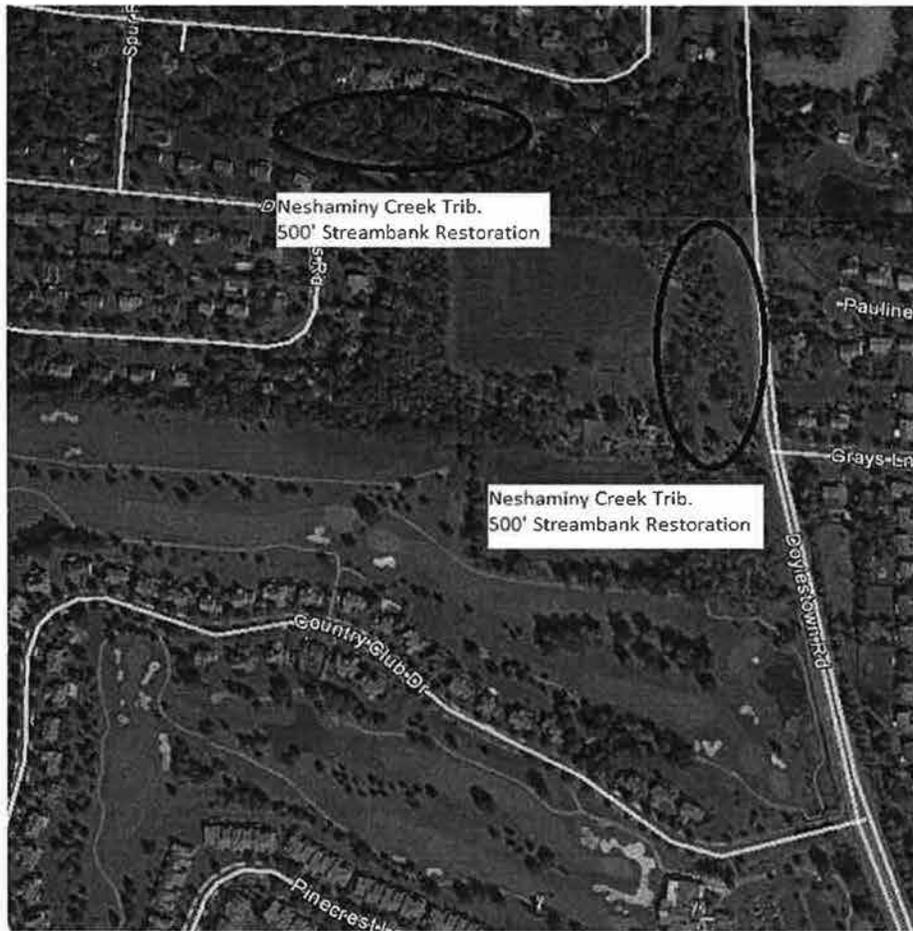

Estimated Polutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF			
						VOLUME (ac*ft)	TSS (lbs/year)	TP (lbs/year)	NO <sub>3</sub> (lbs/year)
Estimated*	0.5492	200	1.07	1.01	5	2.75	549.17	2.94	2.77
Reduction**							466.79	2.94	2.77

\*Approximate composite EMC values based on visual inspection of aerial photographs.

\*\* Estimated 85% TSS Reduction, 85% TN Reduction, 30% TP Reduction based on Rain Garden / Bioretention in accordance with the PADEP BMP Manual.

Potential BMP Application for Neshaminy Creek Trib.: Streambank Restoration

This Neshaminy Creek proposed BMP is a streambank restoration that will reduce future erosion from approximately 500 linear feet of streambank in two separate sections. It is anticipated that the restoration will decrease the sediment removal along the banks by a total of 21,335 pounds per year.

Estimated Pollutant Load and Reduction from BMP

Two 500 Linear Feet Sections = 1000 Linear Feet  
 Average reduction = 25.1 lbs / linear foot / year  
 Total Reduction           25100 lbs/year  
 85% Claimed             21335 lbs/year

Potential BMP Application for Trewellyn Creek: Riparian Buffer Restoration

Trewellyn Creek originates in the southeast section of the Township where approximately 75 acres drain towards the headwaters of the creek. The municipality contemplates naturalization of the existing basin and establishment of a riparian buffer that will help remove approximately 67% of the total siltation entering the creek in this area.

Estimated Pollutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF VOLUME (ac*ft)	TSS (lbs/year)	TP (lbs/year)	NO <sub>3</sub> (lbs/year)
Estimated*	0.5492	55	0.25	0.4	75	41.1875	2265.3125	10.296875	16.475
Reduction**							1517.76	4.43	5.6015

\*Approximate composite EMC values based on visual inspection of aerial photographs.

\*\* Estimated 67% TSS Reduction, 34% TN Reduction, 43% TP Reduction based on 100' Buffer in accordance with the PADEP BMP Manual.

Potential BMP Application for Wissahickon Creek: Floodplain Restoration

The Wissahickon Creek in Montgomery Township is surrounded mostly by park lands and suburban residential neighborhoods. In order to accomplish a 48% reduction of sediment highlighted by streambank erosion, it is important that Montgomery Township utilizes all streams and tributaries that contribute to the Wissahickon Creek Watershed. The Township contemplates reduction of streambank erosion by surveying the approximately 3,000 linear feet of the creek and installing bank stabilization/ floodplain restoration measures as necessary to reduce erosion.

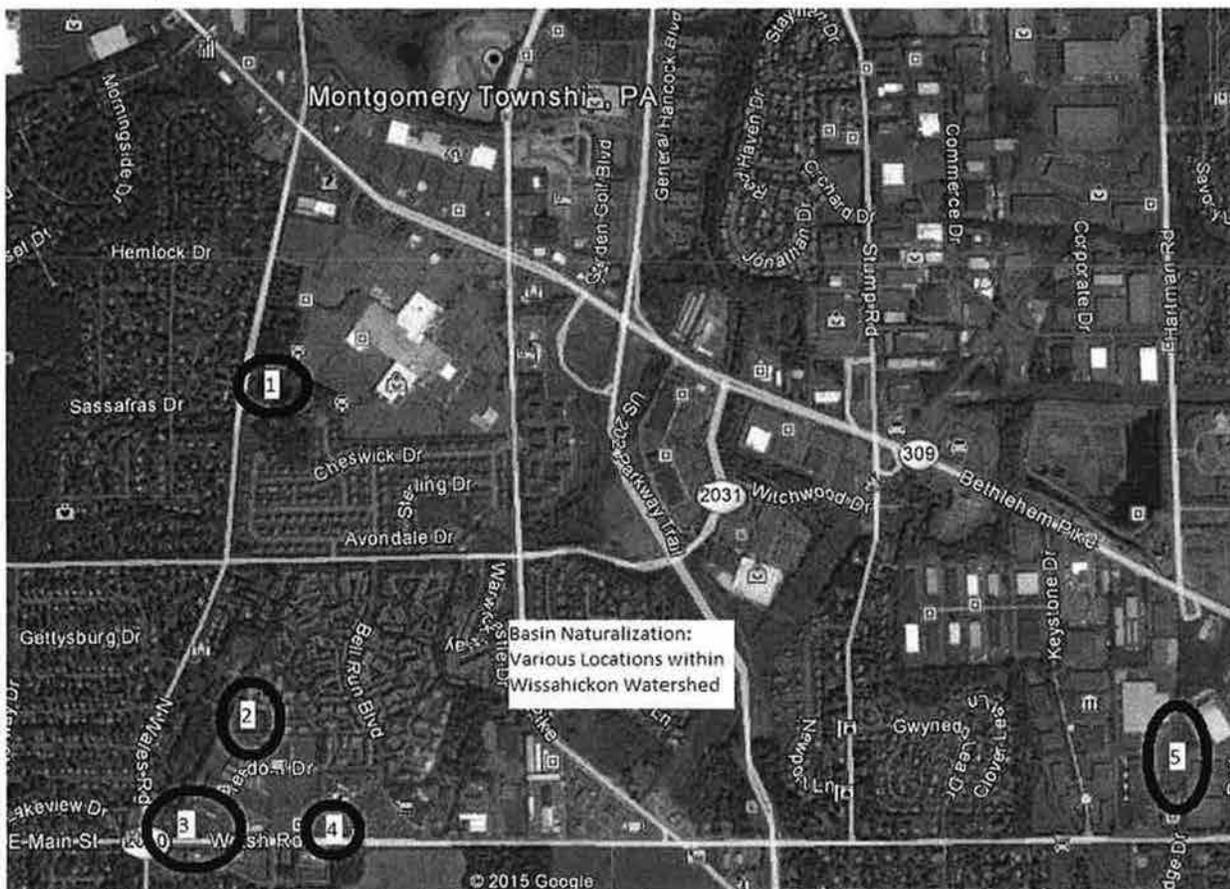

Estimated Polutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF			
						VOLUME (ac*ft)	TSS (lbs/year)	TP (lbs/year)	NO <sub>3</sub> (lbs/year)
Estimated*	0.5492	55	0.25	0.4	169	92.809	5104.50	23.20	37.12
Reduction**							4338.83	19.72	11.14

\*Approximate composite EMC values based on visual inspection of aerial photographs.

\*\* Estimated 85% TSS Reduction, 30% TN Reduction, 85% TP Reduction based on floodplain restoration in accordance with the PADEP BMP Manual.

Potential BMP Application for Wissahickon Creek: Basin Naturalization

The Wissahickon Creek Watershed has a few areas in Montgomery Township that drain into existing detention basins. These basins are currently operating as designed, but can be utilized as potential areas for Landscape Restoration. By naturalizing these basins, they will now serve a dual purpose, water retention as well as water quality enhancement. Further site investigations as well as partnerships with the owners of any private basins will have to be coordinated prior to any work being completed.

Estimated Pollutant Load and Reduction from BMP

LAND COVER CLASSIFICATION	ANNUAL RUNOFF (ft)	TSS EMC (mg/l)	TP EMC (mg/l)	NO <sub>3</sub> EMC (mg/l)	TRIBUTARY AREA (ac)	RUNOFF VOLUME		TP (lbs/year)	NO <sub>3</sub> (lbs/year)

MONTGOMERY TOWNSHIP BOARD OF SUPERVISORS  
BOARD ACTION SUMMARY

---

---

SUBJECT: Consider Payment of Bills for October 26, 2015

MEETING DATE: October 13, 2015 ITEM NUMBER: #15.

MEETING/AGENDA: WORK SESSION ACTION XX NONE

REASON FOR CONSIDERATION: Operational: XX Information: Discussion: Policy:

INITIATED BY: Lawrence J. Gregan Township Manager  

BOARD LIAISON: Michael J. Fox, Chairman  
of the Board of Supervisors

---

BACKGROUND:

Please find attached a list of the October 26, 2015 bills for your review.

ZONING, SUBDIVISION OR LAND DEVELOPMENT IMPACT:

None.

PREVIOUS BOARD ACTION:

None.

ALTERNATIVES/OPTIONS:

None.

BUDGET IMPACT:

None.

RECOMMENDATION:

Approval all bills as presented.

MOTION/RESOLUTION:

None.

DISTRIBUTION: Board of Supervisors, Frank R. Bartle, Esq.
