Following the Pledge of Allegiance, Chair Tanya C. Bamford called for public comment from the audience and there was none.

Chair Tanya C. Bamford announced that on Saturday, October 31<sup>st</sup>, between 2pm and 4pm, at the William F. Maule Park at Windlestrae on Kenas Road, please join the Township staff and volunteers for a fun family event. A Halloween Drive Thru event will be presented with fun themes, vehicles, festive tables and decorations on display for all to enjoy from the safety of their cars. The Township Board of Supervisors, Police Department, Department of Fire Services, Public Works Department and Administrative staff will be participating with giveaways for each vehicle while supplies last.

Township Solicitor Sean Kilkenny, Esquire, announced that the Board met in an executive session earlier this evening at 6:15 p.m. to discuss two personnel matters and two matters of potential litigation. Mr. Kilkenny stated that these matters are legitimate subjects of executive session pursuant to Pennsylvania's Sunshine Law.

Supervisor Candyce Fluehr Chimera made a motion to approve the minutes of the October 12, 2020 Board of Supervisors meeting and Supervisor Annette M. Long seconded the motion. The minutes of the meeting were unanimously approved as submitted.

Director of Planning and Zoning Bruce Shoupe reported that an application was received by JPMorgan Chase Bank for a conditional use hearing for a satellite use of a freestanding walk-up ATM location in the Gwynedd Crossing Shopping Center parking lot. Due to some concerns regarding the location of the ATM, a new agreement has been proposed and requires a review. The applicant has requested a new conditional use hearing date. Resolution #20-168 made by Chair Tanya C. Bamford, seconded by Supervisors Beth Staab and adopted unanimously, approved the re-advertisement for a conditional use hearing.

Director of Planning and Zoning Bruce Shoupe stated that Redner's Markets was granted Conditional Use approval on April 13, 2020 to construct a gasoline filling station on the vacant parcel adjacent to their store at the Montgomery Commons Shopping Center. The applicant is now requesting approval of the preliminary/final land development plan. The applicant has agreed to provide an emergency pre-emption at the intersection of Bell Run Blvd. and Welsh Road. The applicant is requesting that if the Township should receive applicable funds in the future from the state for emergency pre-emption improvements for the other traffic signals from DeKalb Pike to North Wales Road, that Redner's would be reimbursed the equivalent funds spent installing the emergency pre-emption signal. Discussion followed and the Board agreed to the request. Resolution #20-169 made by Chair Tanya C. Bamford, seconded by Vice Chair Matthew W. Quigg and adopted unanimously, approved the preliminary/final land development plan for Redner's Markets Gasoline Filling Station.

Chief of Police J. Scott Bendig requested that the Board authorize the advertisement of an ordinance amendment to Chapter 107 of the Montgomery Township Ordinance – Firearms and Hunting. Staff is recommending an amendment for the exception for target practice. Currently, the ordinance allows for the discharge of firearms and bows and arrows for the purpose of target practice on residential properties. Since the adoption of this ordinance in 1992, the residential population has doubled, therefore, the allowance of the discharge of firearms and bows and arrows on residential properties for target practice is unsafe based on population density. Discussion followed. Resolution #20-170 made by Chair Tanya C. Bamford, seconded by Supervisor Beth A. Staab and adopted unanimously, authorized the Township Solicitor to advertise for proposed Ordinance #20-316, an amendment to Chapter 107 of the Township Ordinance-Firearms and Hunting.

Director of Public Works Kevin Costello presented the list of surplus assets to be offered for sale through the online auction company Municibid. Resolution #20-171 made by Vice Chair Matthew W. Quigg, seconded by Supervisor Annette M. Long and adopted unanimously, authorized the sale of the following equipment: 1989 International 1900 Six Wheel Dump Truck with salt spreader; 1990 20-Ton Eager Beaver Trailer; 2006 Chevy Impala; 2007 Dodge Caravan; 1999 Alamo Side Mount Flail Mower 76" Cut; Coats Tire Machine #5065 EX; (4) Onan Generators to be sold separately; 1994 Hallmark enclosed trailer 2,980 lb. GVW; and Karcher HDS-790 heated pressure washer.

Director of Fire Services William Wiegman reported that upon the recommendation of replacing the Township's current 2002 E-One Rear Mount Ladder Truck (Ladder 18), the Department formed a Tower Ladder Replacement Committee consisting of career and volunteer members in March of 2020. The committee participated in several meetings with manufacturers, demonstrations, site visits, and committee meetings during the spring and summer months. The committee is recommending the purchase of a Spartan/Smeal 100' Mid Mount Platform Tower Ladder from Campbell Supply Company Costars Vendor Number 368405. Discussion followed and Resolution #20-172 made by Chair Tanya C. Bamford, seconded by Vice Chair Matthew W. Quigg and adopted unanimously, authorized the purchase of a Spartan/Smeal 100' Mid Mount Platform Tower Ladder from Campbell Supply Company at a total project cost of \$1,359,073.00, of which \$679,537.00 will be paid at the time of the signing of the contract and will result in a savings of \$24,203.00 at the time of final payment.

Director of Planning and Zoning Bruce Shoupe presented five Zoning Hearing Board applications scheduled to be held at the November 18, 2020 Zoning Hearing Board meeting. Discussion followed. A motion was made by Supervisor Candyce Fluehr Chimera, seconded by

Vice Chair Matthew W. Quigg and approved unanimously, to remain neutral and to authorize the Township Solicitor to take no action with regard to the following applications: Nick Paone – 113 Veronica Lane; Tower Health Urgent Care – Gwynedd Crossing Shopping Center; Krispy Kreme Doughnuts – Montgomery Square; GK Evans Enterprise LP – 1110 Bethlehem Pike; and Montgomery Crossing Associates LP – 1200-1210 Bethlehem Pike.

At the request of the Board of Supervisors, Township Solicitor Sean Kilkenny, Esquire, prepared and advertised an ordinance which will follow the Pennsylvania Human Relations Act and establish a Human Relations Commission in Montgomery Township. Mr. Kilkenny reviewed the ordinance with the Board. Discussion followed favorably. Resolution #20-173 made by Chair Tanya C. Bamford, seconded by Vice Chair Matthew W. Quigg and adopted unanimously, adopted Ordinance #20-315 – Creation of a Human Relations Commission.

A motion to approve the payment of bills was made by Supervisor Annette M. Long, seconded by Chair Tanya C. Bamford, and adopted unanimously, approving the payment of bills as submitted for October 26, 2020.

Chair Tanya C. Bamford reported that the Township Departments submitted monthly reports for the month of September in the meeting packet and asked the Board if there were any questions with regard to the reports. Supervisor Annette M. Long thanked Director of Finance Brian Shapiro for his help with the 2021 Budget and the new format. Township Manager Carolyn McCreary thanked the Township departments for pulling together and organizing the drive-thru Halloween event.

Township Manager Carolyn McCreary reported on the status of the Friendship Park project, which is well underway. A few issues have come up that require some additional work to resolve. There is more topsoil at the site than was estimated and rather than haul it offsite, the contractor is proposing to place it in an area that is very rocky between the new trail that's going in and the Enclave Boulevard curve line. The change order for that portion of work is \$5,425.00. This cost also includes the extension of a split rail fence for approximately 25 feet so it extends in front of the light and protects it from cars backing into it. The second concern is the regrading of the accessible parking area. The slopes are over 2%, although the area appeared compliant on the survey, however, the parking area needs to be regraded. The cost of that change order is \$4,600. Chair Tanya C. Bamford made a motion to approve both change orders as presented, seconded by Supervisor Candyce Fluehr Chimera and the motion was approved unanimously.

Chair Tanya C. Bamford asked the Board members to provide updates on any committee activities during the past month. Supervisor Candyce Fluehr Chimera reported that the Planning Commission discussed the drive up ATM location at the Gwynedd Crossing Shopping Center which will be discussed at the Zoning Hearing Board. Supervisor Beth Staab reported on the Shade Tree Commission's meeting to discuss plans for the preparation of tree plantings.

There being no further business to come before the Board, the meeting adjourned at 7:55 p.m.

Respectfully submitted,

Deborah A. Rivas, Recording Secretary

# Capital Improvement Plan

## Overview

The Capital Improvement Plan (CIP) represents a multi-year schedule of major necessary improvement to the Township's physical property, including equipment and infrastructure. The following pages detail anticipated projects and their projected costs through the year 2025

### Purpose

Montgomery Township created a CIP to proactively project future capital needs. This process offers several benefits to the Township:

1. Provides effective scheduling of projects and investments to minimize budget variability.
2. Allows for prioritizing of capital needs to ensure the most important projects are funded.
3. Illustrates financial effects of current expenditures on future projects.
4. Saves Township funds through replacing, repairing or upgrading infrastructure before maintenance or emergency repair costs escalate.
5. Protects resident safety by ensuring emergency vehicle reliability and removing safety hazards from Township infrastructure.

By looking ahead several years, the Township is able to anticipate upcoming capital needs and prioritize completion based on available funds. A key feature to having a comprehensive plan is the ability to view projects across all departments to determine how they fit into the Township's long-term goals. It also helps residents and staff understand the impact each project has on the plan as a whole. For example, increasing spending for a road improvement project may decrease available funds for improvements to our parks.

Proactively addressing capital needs can also save the Township money throughout the duration of the plan. By replacing vehicles we prevent sudden increases in vehicle maintenance and can prevent lost productivity if a vehicle breaks down while in use. Purchasing equipment for the Public Works Department to improve paving allows roads to be repaired faster while saving on hours of labor. In addition to financial benefits, capital planning improves quality of service and increases safety for residents. Repairing walking paths in parks increases the safety of the residents who use those facilities.

# Capital Improvement Plan

## Explanation

### Explanation

Projects included in the CIP generally have a long life expectancy and high cost. In most cases, capital projects make physical improvements costing over \$5,000 that last for five or more years. Some projects involve one-time purchases, such as vehicle replacement, while others involve multi-year construction plans. Many CIP projects DO NOT add new costs to the Township's operating budget. Rather than creating new assets with their own staffing and maintenance costs, many projects are replacements or improvements to existing Township infrastructure and equipment. Several projects will save the Township on maintenance and repair costs. However, some projects bring new assets to the Township. First-time assets can add to operating costs which will be reflected in future operating budgets.

While projects require funds to complete and, in some cases, maintain, the Township takes careful consideration of how best to allocate our resources. Each department has a specific mission with objectives for future years so they prioritize projects in order to achieve their goals.

Projects in the current CIP include some that began in previous years. Each project is listed with a total project cost as well as the costs broken down by year within the plan. While capital improvements taking place in the current year are included in the current capital fund budget, future projects are subject to change as priorities and available funds may change over time. Each year, the Township will plan future capital needs. We will update the CIP with completed projects and projected expenditures extending five years from the current budget.

While the overall expenditures are important to consider, the Township also looks at capital needs by category. The projects on the following pages are totaled by department through 2025. They are also subsequently explained individually and separated into the following categories:

- Administrative
- Buildings and Grounds
- Information Technology
- Police Services
- Public Works
- Parks and Recreation
- Community Recreation Center
- Fire Protection

## Funding Overview

### Funding Overview

Many capital projects are funded by transfers to the Capital Reserve Fund from the operating budget for the current year. Some projects are funded by state grants through agencies such as Pennsylvania Department of Conservation and Natural Resources (DCNR) and Pennsylvania Department of Community and Economic Development (DCED). Road funds are further supplemented by the state with revenue from the Liquid Fuels Tax, which the Township places into the Highway Aid Fund.

## Project Descriptions

### Administration

**Intranet/Employee Portal** Montgomery Township is looking for a user-friendly web based portal application for its employees to easily access information and forms. The portal will allow employees to potentially access information from their own personal devices, such as an iPhone. Such convenience will allow the employee to manage to easily access the proper forms to change an address or payroll allocation to a saving account. The portal will also act as a single source of information from the Delaware Valley Health Insurance Trust; thereby eliminating spam like emails.

### Building and Grounds

**Upgrades to Digital Signs (4)** With new technology the Township will be able to coordinate messages to residents in all parts of the Township. This has particular value in emergency situations such as the recent flash flooding as a result of Hurricane Isaias, motor vehicle accidents where roads are closed, and if there is a missing person. Additionally, these signs can be used to promote Township or community events and can be individually customized as needed from one source.

### Information Technology

**AV Upgrade - Township Room** The Township room only has one screen that offers limited viewing capability for the public. The proposed AV upgrades include the installation of multiple screens for enhanced viewing. Upgrades also include the possibility of streaming presentations directly to the Board of Supervisor's smart devices. These audio visual upgrades allow for better viewership and more impactful presentations. It also utilizes the Township Room space for efficiently. Finally, there is renewed opportunity to make certain that the Township Room is in compliance with the ADA standards for accessible design. The upgrades will allow for live streaming of meetings for increased citizen engagement.

**Dell PowerEdge Replacement (2)** Server. It is imperative that Montgomery Township maintain network hardware to avoid disruptions to the work day. Maintaining and upgrading the servers allow for more cache and speed. These servers offer options for more processors, expansion and virtualization. All of which are in congruence with the overall plan to move all data to a "cloud based" model.

**MD3200i Power Vault SAN** Memory / Storage consolidation. Allows for the seamless performance of network functions by better managing data.

**Audio Visual - Board Room** Flat screen television offering Microsoft Teams Rooms. Microsoft Teams Rooms will allow employees to join meetings in a single step, share content, and collaborate with remote attendees to make meetings more productive and engaging.

2021 Peterbilt 10 Wheel Dump Truck	<p>Customized 10 wheel dump truck with snow plow accessories. This will replace the current dump truck that is over 20 years old. The current truck is a manual transmission which makes it difficult to use and creates operational and safety issues for the crew</p>		
Autumn Woods Trail	<p>The Autumn Woods Fitness Trail is approximately six acres located off of 101 Richardson Road between a residential community and an office complex (R34 and BP). It is densely wooded with many fallen trees. The trail has multiple cracked surfaces.</p> <p>Improvements to the trail will complement the new playground equipment already installed. Park and trail improvements are highly valued by the public at large. Increasing the safety of this trail will improve the overall limited natural beauty of Montgomery Township.</p>		
Facilities Study	<p>The current shop was built in 1985 and is now functionally obsolete. A study will provide the necessary architectural and engineering expertise to best utilize the space provided at 90 Domorah Drive.</p>		
Graco Thermolazer ProMelt	<p>This is a road striping system.</p> <p>The Graco Thermolazer ProMelt System is a comprehensive tool (line drawer) and reduces man power hours spent on singular projects. Its ability to melt up to 300 pounds of thermoplastics in less than one hour substantially increases productivity. Furthermore, it allows for higher quality projects.</p>		
Loader/Backhoe	<p>This is an 8 ton excavator.</p> <p>This is an essential piece of equipment for the Public Works Department. It can be used for demolition, trenching or more precision necessary projects.</p>		
SmartWeight Touch Balancer	<p>This is a computerized wheel balancing tool for both cars and light trucks. The current machine is due for replacement.</p> <p>This tool is essential for the mechanics of the Montgomery Township fleet. Tire conditions on all vehicle are of the utmost importance.</p>

## Project Descriptions

### Parks and Recreation

Basketball Court Improvements	<p>Current basketball court is original to the park and shows appropriate wear and tear.</p> <p>Upgrading the court and equipment helps beautify the Autumn Woods Trail. It also helps to reinforce Montgomery Township's generic campaigns for health and wellness in the community. Most importantly, these upgrades will make the court safe again.</p>
Brush Mower	<p>A brush mower is designed for mowing high grass, thick weeds and heavy brush. Our current machine has gear box issues and is prone to downtime in the shop.</p> <p>Machines such as the brush mower maximize manpower hours and improve overall efficiency. Secondly, this mower allows for the township to keep basins looking natural and esthetically pleasing to the community. Examples, of such would be the basin at Raven Hollow, the larger fields of Windlestrae and the Zehr Property.</p>
Chipper Replacement	<p>Montgomery Township currently has an older model chipper that is heavily relied upon for storm clean-up. The Chipper is easily accessible and allows Public Works to clear roads and trails safely and efficiently.</p> <p>A newer model will allow logs up to 18 inches in diameter to be chipped. Chips are recycled to the dog park. Finally, the chipper also allows for quicker and more efficient processing of the community Christmas tree recycling program.</p>
Zero Turn Mower	<p>Montgomery Township expects two mowers to be retired by the end of calendar year 2021. A Zero Turn Mower is an ideal replacement because of its overall efficiency.</p> <p>A zero turn mower is all about maneuverability and faster mowing times. Therefore, allowing for better management of manpower hours on specific projects.</p>

### Fire Protection

Training Room at Battalion 1	<p>Current hardware is outdated and does not meet the needs of the Fire Services Department.</p> <p>Modernized AV equipment will allow Fire Services to provide more impactful presentations and better utilize the Room 1 as an educational meeting space.</p>
Re-insulation of Firehouses	<p>Battalion 1 suffers from all the telltale signs of poor insulating. Fluctuating temperatures, chilly drafts and frozen pipes are some of the many issues that Fire Services has been contending with since the dedication of the building.</p> <p>After the reinsulating of the building we expect to see a stabilization in building temperatures and no further broken pipes with costly repairs.</p>

To Whom It May Concern;

On September 30, 2020 our Comfort Advisor, Matt Spinelli, came out to the above property to provide an estimate for zoning options. Upon arrival, it was discovered that this would be out of the scope of work we would be able to provide. A recommendation was made to contact others for this project to be completed.

RECOMMENDATION:

MOTION/RESOLUTION:

**WHEREAS**, the Intergovernmental Cooperation Act, 53 Pa.C.S. §2301, et seq. requires all intergovernmental agreements to be approved by ordinance or resolution; and

**WHEREAS**, pursuant to the Pennsylvania Second Class Township Code, 53 P.S. §66903 and §66904, each of the Townships are authorized to secure and or provide contracts with any municipal corporation for police services in the Township; and

**WHEREAS**, each of the Townships deem that this Agreement for mutual, shared police service and mutual aid is necessary for the protection of the health, safety and welfare of its residents; and

**WHEREAS**, the participating Townships shall form a Task Force to monitor for traffic violations along County Line Road pursuant to the terms of this Agreement; and

**NOW, THEREFORE**, intending to be legally bound and in consideration of the mutual covenants contained in this Agreement, the parties, their respective successors and assigns, hereby agree as follows:

### **TERMS AND CONDITIONS**

#### **I. COMMAND AUTHORITY**

1. The purpose of this Agreement is to provide mutual police aid across jurisdictional lines along County Line Road in three Townships to enable police to more effectively enforce

the provisions of traffic statutes, thereby preserving the health, safety and welfare of persons in the other signatory municipalities.

2. The Task Force shall be known as the County Line Road Traffic Task Force (the "Task Force").
3. The Police Officers in each Township participating in the Task Force shall be added as members to the Task Force and will be approved to monitor traffic violations, or other criminal violations that may happen to occur during such monitoring times, along County Line Road in their respective Township.
4. Officers from each Township that is a party in this Agreement are authorized to make summary arrests and on-view arrests up to 500 feet within each Township on shared mutual borders along County Line Road in Bucks County and Montgomery County.
5. If an incident occurs where charges could be brought or citations could be issued in more than one jurisdiction, the arresting or citing officer and such officer's department will coordinate with the other involved jurisdictions's departments and District Attorney's Offices in order to prosecute the case in the jurisdiction most appropriate.
6. The Parties and their personnel acknowledge that financial and civil liability for the acts and omissions of each employee remains vested with the employee's employing agency. Liability for any negligent or willful acts of any employee undertaken outside the terms of this Agreement will be the sole responsibility of the respective employee and their employing agency. The Parties agree to notify each other of any claim or lawsuit arising out of an activity conducted pursuant to this Agreement. Nothing in this paragraph shall prevent any Township affected by any claim or lawsuit from conducting an independent administrative review of any matter giving rise to the claim or lawsuit. The Parties agree to cooperate fully with one another in the event of an administrative review or official investigation arising from alleged negligence or misconduct arising out of activity conducted pursuant to this Agreement. Nothing in this paragraph shall be construed as supplanting any applicable statute, rule, or regulation. The police services performed and the expenditures incurred under this Agreement shall be deemed for public and governmental purposes and all immunities from liabilities enjoyed by the Parties within its boundaries shall extend to its participation in police service outside of its boundaries.
7. Each Township hereby releases the other from liability for damages to its property caused by the other Townships' employees when serving pursuant to this Agreement. The Parties shall be self-insured or carry sufficient liability insurance to protect themselves from any liability assumed by this paragraph.
8. Responsibility for the conduct of a Township's police personnel, both personally and professionally, shall remain with their respective Township head, and each Township shall be responsible for the actions of its respective employees.

9. Because personnel from each Township are not employees of the other municipalities, the substantive and procedural rights of such personnel regarding employment-related grievances or discipline are governed solely by the contracts, rules and regulations existing between the individual Township's personnel and their respective departments. Personnel related benefits, including but not limited to Workers' Compensation, shall be the sole responsibility of the Township which employs the employee during Task Force operations.  
Personnel with complaints, suggestions, comments or concerns should refer the matter to their employing agency for processing pursuant to that Township's reporting procedures or grievance process. If the matter involves the conduct of employees of another Township, the Police Chief of such other Township shall be informed of the nature and circumstances of the matter.
10. The area served by this Task Force in each of the Townships shall be more fully described below ("Task Force Area"):
  - i. the area within the jurisdictional limits of Montgomery Township as more fully shown on Exhibit A attached hereto; and
  - ii. the area within the jurisdictional limits of Warrington Township as more fully shown on Exhibit B attached hereto; and
  - iii. the area within the jurisdictional limits of New Britain Township as more fully shown as Exhibit C attached hereto.

## **II. TERM OF AGREEMENT**

1. The Parties hereto agree to bind themselves to the terms of this Agreement. This Agreement shall only become effective upon approval, as evidenced below, by the authorized officials of the respective Parties and shall continue in full force and effect until terminated by any party hereto.
2. The duration of this Agreement shall be indefinite, subject to termination as provided in this Agreement.
3. If any Township wishes to terminate its participation in this Agreement, it must do so in writing of its intent to withdraw at least thirty (30) days prior to the desired date of termination. Upon termination, either for cause or by election of the Parties, no mutual aid shall be provided thereafter unless a separate agreement is executed.

## **III. EXPENSES**

Each Township shall be responsible for all expenses incurred by reason of action taken by its respective police officers and police departments pursuant to this Agreement with the assistance

of funds supplied by the Pennsylvania Office of Attorney General or other sources or grants, if available. Such expenses include, but are not limited to, salaries, overtime pay, retirement, expenses, disability and all other employment-related benefits incident to their employment with their respective Township police department. If necessary, the Parties will enter into a separate agreement that delineates any costs, fees, reimbursements, or assessments for services provided by the Task Force, but any costs or expenses directly incurred by a particular Township while participating in the Task Force shall be claimed by and payable to the Township incurring such costs or expense.
