**Autumn Festival Schedule- October 3<sup>rd</sup>**

The Committee discussed a schedule for Autumn Festival. The Committee will have leaf waste bags and laminated signs of the leaf waste collection dates.

**E-Recycling Events**

Township Staff researched several electronic recycling companies since Montgomery County has not held this type of event for a while due to constraints on funding and difficulty with finding a company to bid on the recycling events. Some municipalities have collections or permanent drop-off for their residents. After researching the different companies that were used by surrounding municipalities, the Committee has recommended e-Force Recycling and hopes to hold a collection in the spring around Earth Day. Township Staff will add funding for electronic recycling to the 2016 Budget.

**Deer Management**

Beth Staab asked if there was a concern about the deer in the area and if there was anything the Township could do to manage it in regards to traffic accidents and ticks. Township Staff explained that deer management is handled by the state.

**New Projects for the EAC**

Barry Baker was looking into some other projects the EAC could work on. Some of the new projects could be an environmental resources inventory, and recognizing local businesses with awards for different environmental initiatives. Barry Baker will send the information to the rest of the members and it can be on the next agenda for discussion. In addition, Mahbubur Meenar has some experience with an environmental resource inventory and will send around information about that.
