New Business

The topic came up regarding single trash hauler. A discussion ensued about what steps would be next to take concerning this matter in addition to the pros and cons. While some communities are exploring the advantages and disadvantages of using a single trash hauler, some municipalities have gone forward but never implemented it. Township Staff will reach out to Horsham Township, which is a very similar municipality to Montgomery Township and find out why single trash hauler did not work in Horsham; and if they performed a study, provide the results to the Committee.
