MARKING TIME

On the morning of November 4, 2009, I awoke full of enthusiasm for the many opportunities afforded to me via my election victory the night before. It was such a great honor to have been elected by my neighbors to serve as a Supervisor in Montgomery Township. My wife Nancy and I had settled here almost fifteen years prior and Montgomery quickly became home for us and our three daughters. The tally of votes the night before was more than a political victory; it was an opportunity for me to make a small mark on the community my family had grown to love.

As I embark on my new role as a Judge of the Court of Common Pleas for Montgomery County, I wanted this last opportunity to thank my fellow residents for allowing me to serve. As this will be my last letter to the community as Chair of the Board of Supervisors, I look back with great pride on the many accomplishments achieved and the many blessings bestowed upon Montgomery Township over these past few years.

Joseph P. Walsh

- A brand new Community and Recreation Center • A Tri-centennial celebration • No increase in the property tax mileage for more than a decade
- Standard and Poors AAA Bond rating (Montgomery is one of only four municipalities in the Commonwealth of Pennsylvania with this distinction)
- A more open and transparent government with televised public meetings, enhanced website capabilities and more detailed meeting agenda
- One hundred more acres of township owned open and recreation space • A re-developed Montgomery Mall and Route 309 Commercial District
- More crosswalks, bike lanes and walking trails

I by no means write this letter to take full credit for these many accolades, as the success of this Township starts with you. Each day I served on the Board I was repeatedly taken aback by the breadth of experiences, education and talent found in our community. More importantly, the willingness of these talented individuals to serve as volunteers continues to enhance the high character of this area.

Montgomery Township is great because of the hard work of its public works crews who bear harsh elements in the middle of the night to ensure our streets are cleared and who maintain our pristine parks. Our municipality is financially sound due to the vision, experience and intellect of our township management and administration. Our streets, our homes, and our families remain safe due to the service of our dedicated first responders, both police, fire and ambulance. I would like to thank my fellow supervisors, Mike Fox, Candyce Chimera, Jeff McDonnell and Bob Birch for sharing a unique vision for the future of this great township as we all ventured into the next century. As Supervisors, we had the fortune of inheriting a great situation, a beautiful landscape with a sound financial infrastructure and most significantly wonderful neighbors like you. We accepted our charge with conviction.

In the end, we are not just marking time here. In the end, I believe we all (residents, administration, staff, and supervisors) have truly made a difference. I cannot thank you all enough for allowing me to be a part of this great movement.

Very truly yours,
Joseph P. Walsh

[footnote: Joe Walsh was elected to the Board of Supervisors in 2009 and again in 2015. He resigned from the Board on August 19, 2016 in order to assume his new position as a Judge on the Court of Common Pleas for Montgomery County. Joe was nominated to the bench by Governor Tom Wolfe on June 13, 2016 and the appointment was unanimously confirmed by the Pennsylvania Senate on June 29, 2016]

'Fall' into Better Stormwater Management Practices

As autumn approaches, it is important to keep storm drains clear and clean. The water that runs into the storm drain system is untreated and goes straight to our streams and creeks.

In order to keep drains clear, remember not to blow grass clippings or leaves into the street but rather bag up for disposal or compost your leaves or grass clippings. Additionally, sweep up yard debris instead of hosing down paved areas in order to prevent debris from running into storm sewers. The debris can carry fertilizers and pesticides from your yard and deposit them in streams and neighboring creeks.

In addition to fall foliage and clippings, please keep storm drains free of household hazardous waste, fertilizers and pesticides, motor oil and other vehicle fluids, and pet waste.

For more information on how you can reduce stormwater pollution, visit the Montgomery Township stormwater management page online under the Planning & Zoning section at www.montgomerytp.org.
