MEMORIAL GROVE

project completed by the Montgomery Township Shade Tree Commission

DEDICATED TO THE RESIDENTS OF MONTGOMERY TOWNSHIP
APRIL 26, 2008

The Shade Tree Commission is currently comprised of five volunteer residents who are appointed by the Board of Supervisors. The Commission was enacted in 1995 in order to provide for the planting and maintenance of shade trees along public streets, highways and public lands of the Township.

The Commission meets the third Wednesday of each month at 7:30 pm at the Township Building.

The Memorial Grove project was first conceived following the tragic events of September 11, 2001 when a former member of the Shade Tree Commission lost his son at the World Trade Center.

The Shade Tree Commission's goal was to create a quiet and reflective area for all residents to visit and remember loved ones.

After much planning, the project broke ground in June of 2007, the Sundial was delivered in August, and the landscaping was installed in December. Dedication was held April 26, 2008 during the Township's annual Arbor Day Celebration.

The Memorial Grove offers a walking trail leading to a sitting area with a Sundial as its centerpiece.

The entrance to the park is located off Kenas Road across from Oxford Lane.

About the Sundial…

The sundial stands 10 feet tall with a diameter of 15 feet. It is constructed of silicon bronze framed in stainless steel. The design of dove silhouettes flying complements the peaceful, natural setting. Roman Numerals are installed in the concrete ring around the sundial. The straight side of the shadow indicates the time of day.

An equation of time chart is available at the Township Building. This chart shows the number of minutes the sundial will be "fast" or "slow" during each day of the year.
